FINANCIERS OF FRANCE ABANDON RUSSIA

PEACE NOW SEEMS TO BE IN SIGHT

PARIS, March 15.—The postponement of the Russian loan is definitely confirmed. This is likely to exert a powerful influence towards peace, as it is the first time the French financiers have shown an indisposition to advance funds while the uncertainty of war continues.

The following details of the postponement are from an authoritative source:

"A committee representing the syndicate of French underwriters went to St. Petersburg to arrange the conditions with the Minister of Finance, and a contract was drawn up for $120,000,000 loan taking the form of treasury bonds running seven years at five per cent. The contract was then brought back to Paris for the approval of all the underwriters. In the meantime the disastrous events in Manchuria naturally aroused doubts on the part of the financiers as to whether Russia should make peace or pursue the war. The influence of the financial elements was almost unanimous for peace, but Russia's disinclination to consider peace appears to have induced the decision not to proceed with the contract and accordingly the signing, of which was expected yesterday, has been postponed and all the pending negotiations are also postponed. According to the Russian view, this does not mean that the negotiations have been broken off, but merely that they are adjourned as the Russian authorities say the syndicate holds itself bound towards Russia now as before. However, the circumstances of the adjournment tend to show that the syndicate intends to wait for some definite development of peace before proceeding any further."

It is authoritatively denied in the highest Russian quarters that the French government exercised any pressure towards preventing the increase of French holdings of Russian securities. Nevertheless, it is probable that some members of the government, acting individually, voiced the prevailing view that caution was desirable.

It is significant that the postponement of the loan is coincident with a strong movement of the influential French press favorable to peace. The Matin prominently displays a statement believed to reflect the views of financial circles, which declares that if Japan is ready to adopt a generous attitude by waiving an indemnity or impose any humiliation upon Russia, then Russia's policy of war to the bitter end will cease. It is noticeable that some of the Russian officials speak approvingly of the latter propositions. They say peace is impossible if an indemnity or humiliating conditions are asked, so that the elimination of these two points will go far towards securing favorable consideration of peace.

ST. PETERSBURG, March 15, 3:45 p. m.—The question of peace still engrossed public attention but the attitude of the government apparently remains firm. Minister of Railroads Prince Hilkoff in an interview, declared he personally would welcome peace but it was difficult to see how it was possible. To end the war under the present circumstances, he insisted, would be shameful. A peace which would surrender Russia's position in the Far East after the sacrifices of blood and treasure made to attain it, and which would involve complete loss of Russia's prestige throughout the world, would be folly. It was better to go on fighting. The country would never be beaten while an army was in the field and in the test of endurance Russia's resources of men and money must prevail. There has been no relaxation in the preparations to prosecute the war. He was now getting ready to go to Siberia, he said, and personally superintend the improvement and double tracking of the line. The Prince expressed the hope that the disaster to the army was not so bad as represented abroad. He received a business telegram from General Kuropatkin yesterday, which indicated that the commander-in-chief was calm and handling the railroad situation skilfully.

Personally the Prince was surprised that Kuropatkin allowed himself to be drawn into a general engagement at Mukden as he knew the Japanese were superior in numbers by 75,000 men. Besides, the Russians had Chinese under guise of bandits to reckon with.

BERKELEY BUSINESS BLOCK IS BURNED!

DAMAGE IS $10,000

FIREMAN OVERCOME

BERKELEY, March 15. Fire, caused by crossed electric wires, completely gutted the upper story of the Eastman Building, at Oxford and Center streets, last night, ruining all the furniture and personal effects of a score of tenants who have offices there, causing damage which it is estimated will reach $10,000.

The stores on the first floor are flooded with water, and the handsome block this morning resembles a wreck.

The flames were discovered at three o'clock this morning by Deputy Constable George Thompson, who instantly sounded the alarm, and in a few minutes every fire engine company in Berkeley was on the scene. For two hours a desperate fight with fire and smoke was waged, during which one fireman was obliged to be taken unconscious from the burning building.

Lewis Westcott, of the North Berkeley company, was asphyxiated by the smoke, and his comrades carried him out.

For some reason, unknown as yet, the fire generated large quantities of solid smoke, making it almost impossible for the fire-fighters to enter the building or to remain in the vicinity longer than a few minutes. Finally nose guards were procured, and with these the firemen plunged into the building. Chief Kenney gave orders to the men to attack the flames from the roof; the fire-fighters climbed up there and with axes chopped holes through the roof the entire length of the building.

It was found necessary to flood every part of the upper story with water as the flames were general. The light of dawn showed that the entire building had been saturated with water and damaged by smoke, and that every office in the building was practically ruined.

Several of the physicians' offices in the building were furnished and decorated quite elaborately and all articles of value were destroyed. The suite of offices occupied by Dr. W. Morris Carpenter and Dr. Allen M. Carpenter were badly flooded with water, and falling plaster completed the disaster. A massive set of teak furniture, imported from China, withstood the ravages and can be rehabilitated. The loss in these offices and library will reach about $500. The insurance expired a few months ago.

Dr. David T. Farrar, who shares a suite with Dr. Merton J. Congdon, suffered perhaps the heaviest loss in the building, as his furniture and valuables were all destroyed.

Dr. Horace M. Henderson's office was wrecked and his loss will be about $500, partially covered by insurance.

Dr. J. E. Schafer, a physician newly arrived in Berkeley, who had a portion of the suite formerly occupied by Architect John Galen Howard, saved most of his belongings, as did also the only woman tenant in the building, Mrs. Dr. N. E. Tolles, a hair physician.

Down stairs the loss in the grocery store of Joseph McLean will amount to more than $500. Rivers of water rushed through the aisles of the store, damaging much of the stock.

The real estate office of R. A. Berry was flooded with water, but the damage will be nominal.

The postoffice situation in the corner of the building practically escaped damage because of the prompt arrival of Postmaster George Schmidt, who procured sheets of oilcloth and canvas, and thus protected his valuable mail matter strewn over the office floor.

A JAPANESE ATTEMPT TO TURN THE RUSSIAN FLANK BEFORE THE GENERAL ENGAGEMENT ON THE SHA-HO.

SENATOR TELLER ANGERED

Flurry in Senate Over Santa Domingo Affairs.

WASHINGTON, March 15.—When the Senate met today there was a very interesting flurry over the Santo Domingo affairs.

Mr. Teller introduced a resolution of inquiry asking the State Department for all information concerning the relations with the Dominican government between July 1, 1904, and March 1, 1905.

The reading of the resolution had scarcely begun when Mr. Cullom objected to further reading, saying that the matter pertained to executive session business, and should not be read in open session.

"The Senator cannot take me off the floor," declared Mr. Teller. "I deny the right of the Senator to interrupt the reading of the resolution."

Mr. Cullom maintained that he had a right to inquire into the nature of the resolution to ascertain if it belonged to open session or to executive business.

"You cannot prevent the reading of the resolution," asserted Mr. Teller, warmly.

Mr. Kean suggested to Mr. Cullom that he move to proceed to the consideration of executive business, but Mr. Teller had the floor and was still insisting that his resolution should be read:

"Commence at the beginning and read it all," directed Mr. Teller, and the clerk did so. The resolution follows:

"Resolved, That the Secretary of State is hereby directed to send to the Senate for use in executive sessions, copies of instructions given to Commodore Dillingham and Minister Dawson, or either of them, regarding Dominican affairs, and copies of all correspondence and telegrams relating to to Dominican affairs, or relating to any proposed agreement, proctocol or treaty between the United States and San Domingo from July 1, 1904, to the first of March, 1905."

"I object to its present consideration," Mr. Cullom promptly said.

"That is the right of the Senator," said Mr. Teller. "I wanted this resolution to go upon the public records. The information asked may be sent to the Senate for use in executive session if the President so desires. It is part of the public records and not a part of the secret archives of the government. I know that any Senator or Representative can have access to it, but I want it for the use of the Senate."

The Senate then went into executive session.

TWENTY DROWNED IN STORM

Hurricane Rages on the Coast of Ireland and England.

LONDON, March 15.— A storm of hurricane force burst over the Irish and English coasts during the night and it is feared that many disasters have occurred. The telegraph lines are broken at many points and the British ship Khyber has been totally wrecked off the Cornish coast. Twenty-three of her crew were drowned and three were saved. The Khyber sailed from Melbourne, Australia, October 26 for Queenstown.

The storms swept over the north of Ireland early this morning and did great damage to property. Fears are entertained for the safety of the fishing fleets.

The high winds have caused terrible havoc along the coasts of the United Kingdom. Telegraph between London and many points is cut off. The lifeboat stations are busy and shipping everywhere is seeking shelter. Numbers of minor wrecks, accompanied by loss of life, have been reported. Terrific seas are running.

The departure of Queen Alexander, Princess Victoria and other members of the royal family from Portsmouth for Lisbon to return the visit of the King and Queen of Portugal, which was to have occurred yesterday, was postponed until tomorrow.

NOT TO RATIFY TREATY

WASHINGTON, March 15.—Hope has been abandoned of ratifying the Santo Domingo treaty at the present session of the Senate. The treaty is not dead, but will be laid aside for a few months. Senator Cullom of Illinois, chairman of the Committee on Foreign Relations, has apprehended since the debate opened on Monday that it would be scarcely possible to secure favorable action upon it at this time. Senator Cullom and several Senators talked with the President today about the matter, and all the indications are that no definite action on it will be taken at present. Senators on both sides of the chamber manifest a desire for more explicit information regarding some phases of the Santo Domingo question before passing on the treaty.

TEN HURT IN TRAIN WRECK

Broken Flange Throws the Colorado Flyer From Track.

COLORADO SPRINGS, Colo., March 15.—Shortly after 6 o'clock this morning Rock Island passenger train No. 15 from Kansas City and St. Louis was derailed four miles east of Flagler, Colo., and several persons were slightly injured, no one seriously. The accident is attributed to a broken flange on the engine. The engine, baggage car, smoker and chair car left the rails, the smoker going over on its side.

The injured:

Engineer Coots.
Baggageman Huffman.
Fireman Grant.
Mail Clerk Lane.
Passengers:
Belle Lee.
Ezra Baker.
W. C. McMain.
Mary Funk.
Mrs. James Bledsoe.

All the trainmen injured were able to continue on duty, and all the passengers were able to continue their journey.

RUSSIAN PORT SOON TO BE FREE OF ICE

TOKIO, March 15.—It is expected here that approaches to Vladivostok will be free of ice by March 21.

The ice in the Taidong river, Korea, has melted and traffic with Pingyang has been resumed. Pingyang is eighty miles west by south of Wonsan, which is on the northeast coast of Korea, 370 miles southwest of Vladivostok.

WILL TRY NAN PATERSON AGAIN

NEW YORK, March 15.—Nan Patterson will be put on trial once more to answer a charge of murdering "Caesar" Young, the wealthy bookmaker. This decision was reported today. The trial will begin April 10.

A Cough will be quickly relieved by Piso's Cure for Consumption. 25c.

POSTPONED EXECUTOR'S AUCTION

of rare old mahogany furniture of Mora Moss estate is postponed on account of inclemency of weather.

To prevent further postponements by reason of unsettled weather, the goods will be removed to southwest corner of Eleventh and Clay streets, Maccabee building, Oakland, where sale will take place on Thursday, March 23, 1905. Open for inspection Wednesday from 10 a. m.

WOMAN DEAD IN A CAB

Well Dressed Man and Lady Figure in Mystery.

NEW YORK, March 15.—The body of a woman who had been dead several hours, and a man unconscious and apparently dying, were found in a cab which was driven up to a Brooklyn police station on a gallop early today. The man, who was suffering from alcoholism, and possibly from the effects of a drug, may recover. Both he and the driver of the cab have been detained by the police pending an investigation, although the condition of the man was so serious that he could give the police little information which would aid them in their investigation.

He said that his name was Thomas Deegan and that he lives in Monroe street, one of the better class residence sections of Brooklyn. The dead woman, he said, was Miss Mary Savage, 30 years old.

Both Deegan and Miss Savage were well dressed.

GEN. DICKINSON RESIGNS

GOVERNOR PARDEE HAS NOT YET ACTED ON THE VETERANS' REQUEST.

SACRAMENTO, March 15.—Major-General John H. Dickinson, of the National Guard, has tendered his resignation to Governor Pardee as commander of the National Guard, and has requested to be placed on the retired list. Although the Governor has not as yet taken any action in the matter, it is claimed that the resignation will be accepted.

FUNERAL OF MRS. STANFORD

Impressive Services--Still Contradict Poison Theory.

HONOLULU, March 15.—The remains of Jane Lathrop Stanford, who died at the Moana Hotel here on the night of February 28, were escorted this morning from the undertaking establishment, where they have lain since the morning following the death, to the Congregational Central Union Church by officials of the police department, other territorial officials, a large number of citizens, and the following pall-bearers:

PALL-BEARERS.

Dr. David Starr Jordan, president of Stanford University; Timothy J. Hopkins, a member of the Board of Trustees of the University; Governor Carter, United States District Judge Dole, Carl Smith, a member of the House of Representatives; J. F. Hackfeld, representing the Stanford interests here; C. M. Cooke, president of the Bank of Hawaii, and Charles Dole, A. Lewis and D. L. Vandine, alumni of Stanford University, as well as by many graduates of the University resident in Honolulu.

AT THE CHURCH.

The church, which is one of the largest in Honolulu, was crowded.

The procession was met at the church entrance by Right Rev. Henry Bond Restarick, Episcopal Bishop of Hawaii, and Rev. William M. Kincaid. The services were opened by the Rev. Mr. Kincaid and the Episcopal burial service was read by Bishop Restarick. The choir sang "Beneath the Cross of Jesus," "Nearer My God to Thee," and "Lead, Kindly Light," which were favorite hymns of Mrs. Stanford.

OFFERS THANKS.

Rev. Mr. Kincaid, in his prayer, referred especially to Mrs. Stanford's life and offered thanks for her noble example and her great services to humanity.

The text for his sermon was taken from St. Paul's Second Epistle to Timothy, fourth chapter, seventh and eighth verses.

Bertha Berner and May Hunt, secretary and maid respectively to Mrs. Stanford, were present at the funeral, each in deep mourning garb. Miss Berner especially displayed intense grief.

The funeral cortege is now proceeding to the wharf, where prayers will be said and music rendered, and where there is already an immense gathering.

"I have fought a great fight. I have finished my course. I have kept the faith. For the rest, there is laid

IS UNDER DEATH WATCH

Woman Has Heard Reading of Death Warrant 10 Times.

HARRISBURG, Pa., March 15.—The Pennsylvania Supreme Court having decided yesterday to send the case of Samuel Greason, colored, under sentence of death in Reading for the murder of John Edwards in 1901, back to the Berks county court, the Board of Pardons today granted a continuation in his case and also in that of Mrs. Kate Edwards, white, who is also condemned to death for the same crime.

Nothing has been done looking toward a new trial for the condemned woman, and after the Greason case is disposed of by the Berks county court, her application for a commutation of sentence will be acted upon by the Board of Pardons. That tribunal has twice refused to commute her sentence. Both Greason and Mrs. Edwards have listened to the reading of the death warrant ten times, and both have been under the eyes of the death watch for two years.

JAPANESE MEET DEFEAT

KUROPATKIN SAYS HE REPULSED ATTACK ON CENTER.

ST. PETERSBURG, March 15.—General Kuropatkin in a dispatch dated March 14, says:

"A fierce Japanese attack on the center of our positions at the Fan river (about thirteen miles south of Tie Pass) has been repulsed. More than a thousand corpses remain in front of four positions."

The Fan river may be described as part of the outer line of defenses of Tie Pass, which probably led to the report that an attack had been made on Tie Pass itself.

INFANT SCALDED TO DEATH

Robert Hoffner, the fourteen months' old son of George Hoffner, of Fitchburg, died this morning as the result of accidentally overturning upon himself a pot of boiling water on March 10th. The child was terribly scalded and suffered great agonies for five days. Dr. C. Coleman of San Leandro attended the little patient and attempted to alleviate its sufferings but the burns were of such grave character that medical science was of no avail in saving the little one's life. The child was playing around the stove and accidentally got its tiny hands on a cauldron of boiling water.

BUSINESS IS HUSHED WHILE PRAYERS ASCEND

RELIGION PREACHED FROM STAGE

Business houses all over the city closed today out of respect for the special "Day of Prayer," conducted by the great evangelists who have been at work in Oakland for the past ten days. From half past eleven o'clock until two most of the stores were closed, and between these hours little or no business was done, employers and employes together in many cases flocking to the meetings.

The theaters, so long considered at variance with religion, lent its aid in a substantial way. The Macdonough was the scene of the meeting led by the Rev. J. Wilbur Chapman. At the Bell theater the Rev. Henry Ostrom led the devotions. The Rev. Henry Stough preached at the Novelty. All three of these theaters were filled to the doors with fervent worshippers.

At none of the meetings held during the present revival have there failed to be abundant converts as the result of the exhortations of the revivalists. But the great meetings of today surpassed them all, and at the close of the services crowds of people came forward, led to a Christian life by the convincing words that fell from the lips of the great preachers. As Dr. Chapman said at the conclusion of his service at the Macdonough, "Oakland has surpassed our expectations in the way it has responded to our appeals for righteous living, and today has surpassed all other days. Our work here has surely been blessed."

Preparation for the great meetings in the theaters was made in the various churches of the city, where each pastor held a short service at ten o'clock. Direct appeals were made to each Christian to aid in the work of regeneration by influencing his neighbors to attend one of the great prayer services.

Overflow meetings, in addition to the great meetings held in the theaters, took place in several parts of the city. The churches were kept open and were occupied for the greater part of the day by worshippers, who, while unable to attend the services at the theaters, wished to join in spirit with their prayers.

At the Bell theater Dr. Ostrom spoke on "The Broad Religion." He said:

"Not broader, but higher, is the watchword of the twentieth century. Why not a liberalist in religion? Every where in the Bible, man is represented great except when in contrast with Jesus. Then he is meaner than a pigmy. Man is a great creature. I think of what the martyred President, Garfield, said: 'When I meet a boy I feel like taking my hat off to him, because I do not know the greatness that is buttoned up in his tiny jacket.'

"So great is man that he can become as pure as the driven snow or lower than a beast; that his passions and moods swing like a pendulum. So great is man that the possibility of his greatness is not always manifest, and when it becomes manifest it is astonishing. So great is man that he is called out the cabin, not the adobe, or the hut, but the temple of the Holy Ghost. Man is no trifling commodity. He is like unto a continent with tall peaks and soft valleys with rivers and lakes, with harbors and coast lines. One man is worth the whole world.

"Do away with the contrast with God and man, and man goes so high up that he is almost a god. Yet withal, man is a great sinner as well. I believe in the depravity of man. The Scriptures tell us that we are born in sin. Even the little child needs constant watching and great cautioning. Take the babe from the best family in California, put him by himself, and he will become lower than a heathen.

"Man is an alienated person from God. He will walk the streets for twelve hours and will not think of his Creator. I don't like to assail the 'fatherhood of God and the brotherhood of man' theory, but it is an overdrawn expression. The fatherhood of God comes only to him who joins God's great family, and himself becomes a son or daughter. The brotherhood of man exists only when man accepts Jesus Christ, the son of God. Man knows that he is guilty. Who would not rather be a guilty man than an innocent idiot? If they tell you that there is good in every man, that you sin in ignorance, and because you don't know any better, you will be forgiven, they tell you a lie.

"I like old-fashioned orthodoxy—'God sent a wonderful savior for a big sinner. Why freeze it with cold and heartless theory spinning?'

"Old-fashioned orthodoxy does not need to prove its right to your endorsement and mine. When I say old-fashioned, I do not mean that you must endorse every emphasis of every man who is rated orthodox a hundred years ago. I mean the old orthodox shoe. Put in larger eyelets if you will; use red or green or blue laces if you will; put special curves on the soles and more lifts on the heels; but give us the old last fitted to the foot, the old leather tanned to turn water, and the whole thing put together to stay."

"Jesus of Nazareth Passeth by," was the text chosen by the Rev. J. Wilbur Chapman. To a crowded audience in the Macdonough theater he said:

"Luke's is the gospel of humanity. Jesus is here presented as the Great Physician, and we behold him constantly performing works of mercy. He is our great Elder Brother, and in this narrative seems to come closer to us than at any other part of the New Testament. There is a break in the Gospel of Luke at the close of the thirteenth chapter, when Jesus cries, "O Jerusalem, O Jerusalem," and then turns away from the Jews with special ministry to the Gentiles. From this point on, he reaches out for all classes of people: the man with the dropsy, pharisees, lawyers, publicans and sinners, mothers and sons, little children and lepers, are all helped by Him. His mission is indeed world wide. All kinds of methods he used. He worked miracles, healed the sick, told stories of the great supper, gave the account of the lost sheep, lost coin, and the lost boy, gave a picture of the lost world, taught the rich young ruler, blessed little children and healed ten lepers, and now we have this new picture of Him on the Jericho road. Then, as today, beggars thronged the highway, but this blind beggar is a remarkable man.

JESUS OF NAZARETH.

"He is still passing by, this mighty Son of God. He is the central figure in history. It is as easy to prove His existence as that of George Washington. This being proved, what He was in His character is also established by what He said. A man told me the other day that He might have been deceived when He called Himself the Son of God. If so, He was a fanatic, and no act of His in all His life could substantiate this. By what He did, He also proves His divinity. Men in all ages have certainly not been deceived. He is now at the right hand of God, seated because His work is finished. The question may be asked then, how can He be here? He tells us Himself, in John 14: 16-18. He is here in the person of the Holy Spirit; He makes Christ real. While we may not see Him with our eyes, yet He is passing by.

HOW?

"Men may wonder how it is that He is passing. May I suggest in the impressions abroad in the city, His footsteps are heard. In the conversation of Christian friends we catch the tone of His voice; in the singing of sweet hymns, and the appeals of the preacher, we know He is near, and by His sharp providences from time to time He reveals His presence.

THE BLIND MAN.

"He may have heard about Jesus; possibly his friends may have told him of the other blind man who had been healed; but he certainly could not see, and that is the difficulty with so many. Yet, although we cannot see clearly the things of God, here are the facts: Communities have been transformed by religion, individuals have been completely made over. Question inspiration, the miraculous birth of our Lord, and the Atonement as much as you please. They have been proved by facts. The blind man could only feel. He knew he was blind, and he wanted sight, and then he took a step in the dark. This is what everybody must do if they are ever to come at last into the light.

"What if we should never call upon Him as He is passing by? Then life will be a failure indeed. There will come a time when money will not count, when position will be a failure, when prayer will be impossible, and because of this, I plead with all who hear my voice to call upon Him while yet He is near.

PASSING BY.

"Have you noticed that He is represented as passing? This in itself is suggestive and startling. In another place in the New Testament He is represented as standing, not seated, as if He was just ready to depart if the door should not be opened. There are three ways to treat Christ. First, with indifference, and this is not worthy of our manhood or womanhood. He is entitled to our consideration. The claims he makes for Himself we ought to test and study.

"Second, we may reject Him, and this is heartless. I read of a story the other day, of a young man who turned his back upon his mother. This is nothing compared with the spirit of that person who in the face of all that He has done, rejects His offers of mercy.

"Third, accept Him, and if we accept Him God will accept us, and upon no other ground is our acceptance with God possible."

YESTERDAY'S SERVICES.

The services held yesterday were many and well attended.

At the First Presbyterian Church from 10 to 12 o'clock there was a Bible conference under the direction of J. Wilbur Chapman. This conference was attended by a large number of pastors from outside the city, some being present from as far away as Tulare and Fresno.

At the First Methodist Church at 2:15 there was a Personal Workers' conference at which J. H. Thompson of New Zealand spoke.

The conference for pastors at 4 o'clock in the Methodist Church was largely attended and of great power and earnestness. Henry Ostrom gave the address, especially urging the ministers to pray for the success of the revival here, and showing the great part it had in the success of this work wherever undertaken, citing many interesting incidents to prove his statements.

Dr. Elliott spoke to a large and interested audience at the Chester Street Church. This was the last service in this building, as the evangelists will begin their services tonight in Alcatraz Hall, where they will continue through the balance of the week. The work of Dr. Elliott in this section of the city is proving very satisfactory and helpful, a large number of people attending and great interest being shown.

An enthusiastic audience greeted Dr. Chapman at the First Congregational Church. The subject of his address was "No Man Careth for My Soul." His talk was especially to Christians properly speaking, and "has-been Christians"; and he urged those who had fallen away from grace to remember the cost Christ paid for their souls, and how he longed for their return to the fold.

Henry Ostrom spoke at the First Presbyterian Church. He was greeted by a full house and the meeting was most helpful and inspiring. His talk on prayer led to an earnest desire on the part of those present to commune with their maker more frequently and more earnestly. His earnest appeal to the unconverted resulted in a large number coming forward and taking the evangelist by the hand in token of their intention to lead a Christian life.

Evangelist H. W. Stough spoke last night upon the Touch of Faith, from the story of the woman who touched the border of Jesus' garment.

Rev. McComb held a noonday meeting yesterday among the men of the water front. The dry dock, where the "Solano" is at present undergoing repairs, was chosen by him as the place of his meeting. Many heard him, and much good was done.

Tomorrow night at half past eleven will take place the most unique and striking feature of the campaign for Christianity. Led by the evangelists and their singers, a great crowd will gather at the Macdonough theater. After a brief service of prayer, a procession will form that will parade the streets, taking in on the way all saloons and places of vice. Appeals will be made to those found within to give up their sin and follow the procession back to the theater, where a midnight service will be held. It is expected that many converts will be made from among the denizens of the night world, as such appeals on the part of the evangelists have always been successful in the past. In Denver, when the revival meetings were being held there, a great number of sinners streamed out of the saloons and dives, and confessing their sins, accepted Christianity.

Another service of special interest will be an "old folks' meeting," to be held Thursday afternoon at three o'clock in the First Congregational Church under the leadership of the Rev. Henry Ostrom. Arrangements are being made to provide for the accommodation of old people, who because of their infirmities have been prevented from attending the revivals. A committee has been at work for several days, and has secured a large number of carriages and automobiles, in which the old people may be taken in comfort to church.

The personal workers, who have by their work, been assisting the movement, will come together tomorrow afternoon at 2:15 at the Christian Church, where brief services will be led by the Rev. J. H. Thompson, who will exhort the workers to continue to bring sinners to Christianity by their example and personal urging.

Thursday evening street meetings will be held in all the districts from 6:45 to 7:45.

THEATERS MADE CENTER OF FAITH

DEFINITE FAITH REQUIRED

REV. EDWARD L. PARSONS TO PREACH AT ST PAUL'S

The need of a definite faith will be the subject of the sermon to be delivered tonight at St. Paul's Episcopal Church by the Rev. Edward L. Parsons of St. Mark's Church, Berkeley, on the occasion of the first of the united services of the Episcopal churches. The service will be conducted by the Rev. O. St. John Scott, president of the Monday Club. E. D. Crandall will have charge of the choir, which has been specially trained for the occasion.

AGED MAN DIES SUDDENLY

Aged Nicola Esposito, an Italian stone cutter, died suddenly at 5:30 o'clock this morning, and, as he had not been attended by a physician, Coroner Mehrmann will hold an inquest to determine the cause of death. It is assumed, however, that death was due to natural causes.

Esposito lived with his son, P. Esposito, in the rear of the son's tailoring establishment at 566 Fifth street. He became ill with a severe cold Monday, but refused to allow his children to call in a physician until last night, when he suddenly grew worse. Dr. J. F. Rinehart was called then, but the physician was unable to find the house in the darkness and this morning the old man died.

Esposito was a native of Italy, where he was born seventy-four years ago. He was a widower and leaves two sons and a daughter in Oakland. Several other children in the old country also survive him.

PRETTY ROMANCE BEHIND MARRIAGE

TACOMA, Wash., March 15.—Behind the marriage of Thomas Colehan and Mrs. James L. Cobart, at Vancouver, B. C., several days ago, there is a romance of schools days, followed by the marriage of a school girl sweetheart to a southern planter. Now, two years after his death, she is wedded to Colehan, who is president of the Colehan Mining Company of Gold Mountain, near Tonopah, Nev. Colehan is a stockholder in the Union mine of Tonopah, and part owner in the Rawhide and Napp mines of Tuolumne county, Cal.

Twenty years ago Colehan was a senior student in the St. Cloud (Minn.), Normal School. In a class below him was Narcisse Newton, a handsome Southern girl from Covington, Ky. Following their separation after Colehan's graduation, they corresponded. Colehan was timid and shy, apparently thinking himself too young to marry. One day a letter came announcing that his sweetheart had married a South Carolina planter.

Two years ago he was informed of the Southern husband's death. Two weeks ago, Mrs. Cobart wrote him that she would visit in Vancouver and Victoria on te way to Honolulu. He came north, and their marriage followed. With his br'de Colehan will sail this week for Alaska, going to Fairbanks for a temporary stay.

FAIL TO SELECT U. S. SENATOR

JEFFERSON CITY, Mo., March 15.—The Legislature today took two more ineffectual ballots for United States Senator.

When the roll call on the second ballot had been completed Speaker Hill, in explaining his vote, stated that he would vote for a Democrat before the Assembly should adjourn without electing a Senator.

Speaker Hill's announcement was followed by clamorous cheering, but it provoked a storm of indignation from the Republicans. The first ballot resulted:

Spencer 62, Cockrell 71, Pettijohn 16, Barthoidt 2, Niedringhaus 2. Necessary to choice 77.

The second ballot resulted: Spencer 64, Cockrell 71, Pettijohn 16, Niedringhaus 1.

ELEANOR GORDON AT YE LIBERTY

MISS ELEANOR GORDON.

One of the most impressive features of the production of "Juanita of San Juan" at Ye Liberty Playhouse this week is the splendid impersonation of the name part by Miss Eleanor Gordon, one of the most beautiful members of Bishop's thirty players. Miss Gordon has risen very rapidly in her chosen profession and now holds the honored position of leading lady of the Majestic Company. Her dark beauty and black flashing eyes suit to a nicety the role of Juanita which she created and the author Mr. Tully could not have found in a few weeks journey, one better fitted to the part. She shows in an admirable way the impulsive loving of which only a Spanish-American girl is capable, and also the fiery temper when apparently deceived in her love. In fact she is the very living, breathing soul of Juanita Kenton and shows in no small degree the truly wonderful talents of which she is possessed. Miss Gordon is recognized as one of the best leading women in the United States today and is always a great favorite with local play goers.

ASKS PECULIAR QUESTIONS

MR. WILLIAMS USES FIGHTING LANGUAGE UNTIL CALLED TO ORDER.

"Didn't I pound the devil out of you?"
"There wasn't any devil in me."
"I did."
"You didn't."

That is a sample of the manner in which S. H. Williams, charged with battery, cross-examined George Gordon, the complaining witness, in the Police Court this morning. It promised to go even further than that, but when Gordon declared that he could whip Williams "any jump in the road," or words to that effect, Judge Geary interfered and put an end to the scene, to the disappointment of the amused spectators.

Incidentally, Williams was found guilty by the jury and the defendant's jaw dropped when, in answer to his query, Judge Geary said that the maximum penalty for the offense was "$1,000, or six months, or both." Williams will be sentenced tomorrow.

The trouble between the men grew out of a bill for $200 which Gordon says Williams owes him. Williams stoutly denies the indebtedness. Recently Gordon went to the store of Williams on San Pablo avenue to collect the bill. High words followed and Williams tried to eject his tormentor. Accounts differ as to what happened immediately afterward, but all agree that when it was all over Gordon looked as if he might have been run through a seed-cleaner.

A Dollar's Worth Free To Any Rheumatic Sufferer

I ask no deposit— no reference— no security. There is nothing to risk—nothing to promise—nothing to pay, either now or later. Any Rheumatic sufferer who does not know my remedy may have a full dollar's worth free to try.

I willingly make this liberal offer because I know that Dr. Shoop's Rheumatic Remedy may be relied upon ALWAYS to bring the utmost relief that medicine can. Years before I discovered this remedy, I studied the nature of Rheumatism. For Rheumatism is really

Crystalized Poison!

Your blood is always full of poison—the poison you eat and drink and breathe into your system. It is the purpose of the blood to absorb and carry off this very poison. And the kidneys, which are the blood filters, are expected to cleanse the blood and send it back through the system clean, to gather more poison which they, in turn, will eliminate.

But sometimes the kidneys fail. And sometimes from some other cause, the blood gets so full of poison that they cannot absorb it all. This is the start of Rheumatism. The poison accumulates and crystalizes. The crystals look like little grains of sugar or of fine white sand. The blood carries them and they increase in size. Then, when it can carry them no longer, it deposits them in a joint—on a bone—anywhere.

The twinge in your leg—the dull ache in your arm on a rainy day—these are the outward signs of the unseen crystals. And the twisted limbs and unspeakable anguish of the sufferer who has allowed his symptoms to go unheeded and unattended for years—these are the evidences of what Rheumatism, neglected, can do.

Rheumatism includes lumbago, sciatica, neuralgia, gout—for all these are the results of rheumatic poison in the blood.

Plainly the first thing to do is to remove the poison. But this is not enough. The FORMATION of the poison must be stopped, so that nature may have a chance to dissolve and eliminate the crystals which have already formed. Unless this is done there can be no cure—no permanent relief.

I searched the whole earth for a specific for Rheumatism—something that I or any physician could feel safe in prescribing—something that we could count on not only occasionally, but ALWAYS. For the ravages of Rheumatism are everywhere and genuine relief is rare.

I spent twenty years in experimenting before I felt satisfied that I had a certain remedy for this dread disease—a remedy which would not only clean out the poison, but one which would stop its formation.

Certain Relief

The secret lay in a wonderful chemical I found in Germany. When I found this chemical, I knew that I could make a Rheumatic cure that would be practically certain. But even then, before I made an announcement—before I was willing to put my name on it—I made more than 2000 tests! And my failures were but 3 per cent.

This German chemical is not the only ingredient I use in Dr. Shoop's Rheumatic Cure—but it made the remedy possible—made possible an achievement which, I doubt not, could have been made in no other way.

This chemical was very expensive. The duty, too, was high. In all it cost me $4.90 per pound. But what is $4.90 per pound for a REAL remedy for the world's most painful disease? For a REAL relief from the greatest torture human beings know?

I don't mean that Dr. Shoop's Rheumatic Cure can turn bony joints into flesh again—that is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of pain and swelling—the end of the suffering—the end of Rheumatism. That is why I can afford to make this liberal offer—that is why I can afford to spend the FIRST dollar that Rheumatic sufferers the world over may learn of my remedy.

Simply Write Me

The offer is open to everyone everywhere, who has not tried my remedy. But you must write ME for the free dollar package order. I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard sized package and he will send the bill to me. There are no conditions—no requirements. All that I ask you to do is to write—write today. I will send you my book on Rheumatism beside. It is free. It will help you to understand your case. Address Dr. Shoop, Box C 280, Racine, Wis.

Mild cases are sometimes cured by a single package—On sale at forty thousand drug stores.

MOTHER DESERTS KINIRY

Was Not Present When Court Opened This Morning.

The flashes of the pistols in the darkness that took the lives of the murdered policeman, J. H. Smith, as well as that of Joe Goldstein, the young robber companion of David Kiniry were described by Dwight Strong an eye witness to the shooting this morning at Kiniry's trial although he could not see the parties who were engaged in a battle for life. He was at the corner of Thirteenth and Jackson streets and the shooting occurred at Fourteenth and Jackson and he hurried up to the spot only to find Policeman Smith mortally wounded trying to ascend the steps of the Palmer residence in front of which he had received his death wound. Strong stated that as near as he could remember there were seven shots fired, five and then two more.

Reeves Baker, son of G. W. Baker, who was at home just opposite the scene of the shooting ran to the front door of the house as soon as he heard the shooting and saw some of the flashes and then went over to where Policeman Smith was lying and aided him from the gutter up to the steps where he was lying when Strong arrived. Baker also took the pistol from Smith and turned it over to Policeman Drew. Attorney Frick spent some time in the cross-examination of Baker trying to fix just how much he could see of the men while the shooting took place. Baker said he could see the outlines of three men from the steps where he was standing but he does not remember seeing any of them go away. Frick asked him if in reality he had not rather imagine that he saw the men there after learning what had transpired at the corner. Baker however stuck to it that he could see the three men although he admitted that they appeared as mere shadows, and that it was very dark.

MOTHER NOT PRESENT.

Kiniry's mother did not take her place beside her son at the calling of the case this morning. The trying ordeal she went through yesterday afternoon when Mrs. Kate Greiner, mother of Joe Goldstein accused Kiniry of being the cause of her son's death and downfall caused her to exert all of her self-possession to keep herself under control and she did not feel able to again meet the gaze of the woman who reaped the blame of leading her son astray upon top of the crime for which he is now being tried.

Mrs. Watson, Kiniry's mother is of the pronounced blonde type, young looking to be the mother of Kiniry who is twenty-three years of age. Her face when not drawn by emotions is pleasing to look at but yesterday she looked drawn and haggard and she scarcely stirred while Mrs. Greiner delivered herself of her invective.

WOMAN AGAINST KINIRY.

Mrs. Greiner lives at Los Angeles and was called as a witness to tell of a visit she paid Kiniry at the jail in that city when he was captured there and in this connection said: "I went to see him because I wanted to know why he had led my boy astray. I did not like Joe's being with him and told Kiniry once not to come to the house. He seemed however to have some influence over him." Then pointing her finger at Kiniry and facing his mother she said: "He is the cause of my son's downfall and of his death. I asked him why he had taken my boy away from me and got him murdered, and then laid the blame of killing the policeman on him and he looked at me and never said nothing."

Kiniry, himself keeps up his nerve and walks erect and makes a gentlemanly appearance with a change of suits each day from a black to a brown. In the jail it is said he spends all his spare time exercising and his long muscles are like sinews of cords. He takes a cold bath each morning and physically is in good trim. He is ready for any turn his case may take and alive to any and every opportunity.

Attorney Frick stated this morning that he had neglected to ask Mrs. Greiner, how old her son Joe Goldstein was at the time of the shooting, but it was agreed by District Attorney Allen and himself that his age was nineteen when he was killed.

Mrs. Jennie Stedman, of 1362 Grove street, in whose house Kiniry and Goldstein were rooming when their operations were suddenly brought to an unexpected close and Kiniry was forced to flee for his life was called as a witness and stated that she had rented them a room each on November 16 and that they were there until sometime of the day of the 27th. They came to her place together on November 7 and looked at the rooms and returned on November 16.

HEARD THE SHOOTING.

Henry Herman, coachman for Dr. Peter L. Wheeler who lives at 1170 Madison street, also witnessed part of the tragedy. When he heard the shooting he ran out into the street and as he got near Fourteenth street the fleeing robbers passed him. One fell in the street nearly opposite him and the other came back and helped him up and they went on together for a few steps and then one fell and the other went on and left him. He watched him turn the corner from Fourteenth street into Oak and then lost track of him. He went over to where he saw the body lying and it proved to be that of Joe Goldstein and afterwards he found a small gun metal watch belonging to him lying on the sidewalk near the body.

Charles and Fred Kuts whose home is in the vicinity of where the shooting occurred were called as witnesses and testified to seeing the flashes of the pistols and hearing the men run away from the scene of the crime.

FLETCHER CASE.

All of yesterday and to-day was spent in the trial of the Fletcher will contest before Judge Ogden and a jury in the examination of Dr. E. S. Littlepage, the physician who attended the late Captain Leroy Fletcher before his death and also acted as a witness to the will which Fletcher's son Albert is now striving to have set aside. Dr. Littlepage on direct examination testified that he considered Fletcher of sound mind at the time of his death and related conversations on many occasions held with him in regard to various subjects such as religion, politics and other subjects.

An exhaustive examination was then begun by Attorney M. C. Chapman regarding insanity and its manifestations. The questions went into the intricacies of the medical profession and were exhaustive and searching and tended to show that a person may be insane and not show it but in certain ways and that the complaint Fletcher was suffering from was an indication of mental weakness.

GIVEN DIVORCES.

A final decree of divorce was granted Mittie Kurth this morning by Judge Melvin from Charles T. Kurth on the ground of desertion. She is awarded the custody of the two children and $25 a month alimony.

Emma V. Matignon was granted an interlocutory decree of divorce from Albert Matignon by Judge Hall on the ground of wilful neglect. She was awarded the custody of the two children and a homestead on the property where she now lives in Berkeley.

Rose V. Dickerson was granted an interlocutory decree of divorce from J. M. Dickerson on the ground of wilful neglect. She was given the custody of the child Beatrice.

ATTRACTIONS AT MACDONOUGH

ENGLISH GRAND OPERA COMPANY—DAVID HARUM COMING.

The advance seat sale for the coming English grand opera season at the Macdonough Theater next Monday, Tuesday and Wednesday nights and Wednesday matinee opened at the box office yesterday morning to one of the biggest lines ever assembled there, and all day long, even up to show time last night, it continued, the music lovers all evidently anxious to get their seats early, as they undoubtedly realize that this is the biggest grand opera company and orchestra that Oakland has ever had the pleasure of hearing. The management of the theater, foreseeing the big success that this company would have here, very wisely insisted upon an extra performance here, which will be the Wednesday matinee, at which time a special performance of Wagner's greatest opera will be sung, "Tannhauser." The repertoire for the balance of the engagement will be. On Monday evening, "Lohengrin"; on Tuesday evening, "Il Trovatore," and on Wednesday evening, the closing night, "Carmen" will be sung. All the principal stars who have made such big successes in these various operas in San Francisco and elsewhere will be heard here, including such well-known names as Marion Ivell, Joseph Sheehan, Jean Lane Brooks, Reginald Roberts, Gertrude Rennysen, Arthur Deane, Rita Newman, Winifred Goff, William Wegener and all the others of this immense company, including their all-American chorus, which has created so much favorable criticism from all the papers in San Francisco.

The management of the Macdonough, realizing the confusion generally caused to people coming in carriages (and undoubtedly there will be many), has arranged to have a carriage called at the theater all of these three nights, who will give to the driver of the vehicle and to the occupant of the carriage a number, which, upon the close of the performance will be handed to him as the people come out of the theater, and he will attend to getting the carriage up in place and also keep them in their proper places.

LAST NIGHT OF "A WISE MEMBER."

Tonight, at the Macdonough Theater, is the last time of that funny farce, "A Wise Member," that has been on at that theater for the past two nights, playing to good houses and making quite a laughing hit. The Oakland Traction Club has been receiving benefits from the performances of this company and undoubtedly will make quite a profit, as the attendance has been very good at both performances so far, and tonight they expect to have the biggest house of the three. The comedy is a good one, interpreted by a company of rare comedians, and is well worth a visit to the Macdonough tonight to have a hearty laugh.

"DAVID HARUM" COMING.

"David Harum" is said to owe its remarkable success to the fact that it sticks closely to the book from which it is taken, and, furthermore, that it is full of actual, concrete, real human nature. It boasts of no exaggeration. All of the people who move through its story are types everyone has seen who has ever lived in a small town. No more humorous book than "David Harum" was written in years and no more humorous play than "David Harum" has been unfolded before the public in a generation. "David Harum" will be the attraction at the Macdonough Theater next Saturday and Sunday, matinees and nights, and seats are now on sale at popular prices.

FUNERAL OF MRS. STANFORD

(Continued From Page 1.)

up for me a crown of righteousness." The preacher paid an eloquent tribute to the life of Mrs. Stanford and made many references to the great things she had done for the cause of education, the advancement of civilization and the uplifting of humanity.

MANY THEORIES.

HONOLULU, March 15.—"You can take all the facts and fit them to four or five theories," said Captain Jules Callundan, representing a San Francisco detective agency, to the correspondent of the Associated Press this morning, in speaking of the death of Mrs. Stanford. "I hope that very soon after our arrival at San Francisco we will find the solution of the mystery," he added.

Deputy High Sheriff Rawlins will not go to San Francisco on the Alameda, contrary to expectations.

WAS NOT POISONED.

The detectives are of the opinion that the verdict of the coroner's jury, to the effect that Mrs. Stanford died by strychnine poisoning, was not justified by the evidence presented.

Dr. Jordan, president of Stanford University, and Timothy J. Hopkins of the Board of Trustees of the University, will make a joint statement of their conclusions regarding the case before leaving on the Alameda.

NATURAL CAUSES.

High Sheriff Henry, in an interview, accuses the San Francisco detectives of an intention to discredit the work of his department. He says he supposes they will endeavor to make it appear that Mrs. Stanford died from natural causes.

The evidence up to date, it is pointed out, indicates that Mrs. Stanford took one-seventh of a grain of strychnine, this quantity being combined in the cascara capsule and the bicarbonate of soda, that both the capsule and the soda would be required to cause a fatal result, and that both would be fatal only to a person of Mrs. Stanfords' age.

Invaluable for Rheumatism.

PROBATE MATTERS

Petition for the distribution of the estate of the late Edward T. Ledyard was made this morning by Emilia W. Frier who was appointed executrix of the will of deceased. She states that there is now remaining in her hands $646.13 and that Ellenor Woodcock, John S. Ledyard, William E. Ledyard and herself are entitled to have the money distributed to them. Certain lands in Canada and other properties owned by her father she states were disposed of prior to his death.

Petition for the probate of the will of the late Frank Silva of Pleasanton was filed to-day by his children. He leaves an estate valued at about $50,000. To his widow, Philomena Silva, he leaves his home and fifty acres of land to be selected by her surrounding the house and all of his personal property. To his daughter, Maria, he gives a quarter section of land near Doolan. The remainder of his estate he leaves to be divided share and share alike among his five children.

Petition for the final distribution of the estate of the late Freda J. Stocker was made to-day by Rudolph Stocker, her husband who is the sole heir to her estate.

An inventory and appraisement of the estate of the late Annie N. Wachs was filed to-day and shows that the property is valued at $620 consisting of a small amount of personal property and cash.

Under, and by virtue of an Order of Sale and Decree of Foreclosure and Sale issued out of the Superior Court of the County of Alameda, State of California, on the 14th day of March, A. D. 1905, in the above entitled action, wherein Annie Campbell, a widow, the above named plaintiff, obtained a Judgment and Decree of Foreclosure and Sale against James Gately, Lillie M. Gately, his wife, Silas Slick, Samuel Short, Sally Green and Susan Brown, defendants, on the 14th day of March, A. D. 1905, for the sum of sixteen hundred ($1600) dollars, in United States Gold Coin, together with interest, costs and attorney fees, aggregating with said principal the sum of $1719.40; which said Judgment and Decree were on the 14th day of March, A. D. 1905, recorded in Judgment Book No. 52 of said Court, at Page 269, I am commanded to sell all that certain lot, piece or parcel of land, situate, lying and being in the City of Oakland, County of Alameda, State of California, and bounded and described as follows, to-wit:

Commencing at a point on the southern line of Thirty-first street, distant thereon five hundred and sixty-five (565) feet easterly from the eastern line of Market street and running thence easterly along said line of Thirty-first street fifty (50) feet; thence at right angles southerly one hundred and forty (140) feet; thence at right angles westerly fifty (50) feet; and thence at right angles northerly one hundred and forty (140) feet to the place of beginning, being Lot No. 9 in Block 2033, as the same is delineated and so designated upon the Map of the Rowland Tract, filed on February 16th, 1878, in the County Recorder's office of said Alameda County.

Public notice is hereby given that on

MONDAY, THE 10TH DAY OF APRIL, 1905,

at 10 o'clock A. M. of that day, in front of the Broadway entrance of the Court House of the County of Alameda, in the City of Oakland, I will, in obedience to said Order of Sale and Decree of Foreclosure and Sale, sell the above described property, or so much thereof as may be necessary to raise sufficient money to satisfy said judgment, with interest and costs, etc., to the highest and best bidder, for Gold Coin of the United States.

A SWEET MUSICIAN WANTS A GOOD HOME.

A Used Square Piano of Fine Tone to Be Sold for $25.00 by Pommer-Eilers.

What would you think of a good square piano for $25? Of another one for $48; another for $55 and still another for $80. They have come into our store in exchange during this great Co-operative Sale. But we cannot give them room, for the place is fairly crowded with our finest new club pianos, so you can have them for about one-half what we paid for them and have all the time you want to pay for them besides.

Meanwhile the Co-operative Club Sale goes swinging along at a pace never before heard of in this city. Every week brings over a score of new members. Have you become one of them? All it requires is as little as $5 deposit to become a member of Club A, and to get a fine new, high-priced piano put into your home at a saving of about 33 per cent of the regular price.

Club A will be filled now within a very few days, so you cannot afford to delay. To members of this club we guarantee a brand new, $275 piano for $150 with payments of $5 down and $1.25 a week or similar payments by the month; or a $200 piano, of guaranteed make, for $117, AND WE PUT OUR GUARANTEE OF MONEY BACK IF NOT AS REPRESENTED, BEHIND IT. Can you beat an offer like this.

Clubs B, C and D represent higher grades of pianos (Club D being the very highest grade of uprights made) at similarly low payments and even greater reductions.

This club plan is something you ought to think over and think over hard. All over the Pacific Coast today, the Pommer-Eilers Stores are holding a Co-operative Club Sale. That means more pianos than any western piano house has shipped out to this coast in a period of ten years. And these pianos, representing the average selling capacity of any one house for ten years will be disposed of, by us in the matter of a few months.

Co-operative Club selling means simply the combining of the people who wish pianos in order that they may buy a number of pianos at once and thus secure them at practically wholesale prices. For anybody can see that if five hundred people each buy a piano at practically the same time, it is the same as if one person bought five hundred pianos.

You will never have another opportunity like this, so do not delay seeing these pianos, and the prices at which they are now going. Among them are the old, reliable Hallet & Davis pianos, founded in 1839. Recommended by the composer Liszt. The famous Kimballs, the choice of the artistic world. High grade Decker & Son—the original Decker pianos. Artistic Hazelton Bros., founded half a century ago. Sweet-toned Lesters, Schumann's, Weser Bros. and Victors, and a dozen other equally famous makes, whose names are household words.

Remember, Club A is nearly filled, and Club A carries the nominal deposit of $5 down. If you are out of the city, write to us, and we will send you a catalogue list of the club pianos and their prices, deposits and savings. If you can come, do not delay seeing the wonderful piano display we have to show you. We are open evenings during the sale. Remember the name and the number, Pommer-Eilers Music Company, Corner of Twelfth and Clay streets. Two blocks from Broadway, Oakland.

SSS THE GREATEST OF ALL TONICS

The ingredients that enter into S. S. S. and the method of combining and preparing them so that they build up and strengthen every part of the body, make it the greatest of all tonics. S. S. S. is nature's remedy—***PURELY VEGETABLE***—and while it is restoring the lost appetite, overcoming that tired, run-down feeling, and other ailments common to Spring, which warn us that it is necessary to take a tonic, it is purifying the blood of all poisons and waste matters so that it can supply to the system the strength and nourishment it needs to keep it in perfect condition during the depressing summer months that are to follow.

Spring is the season when most every one needs a tonic. It is nature's time for renewing and changing; and as everything puts on new life, the sap rises in vegetation, the earth thaws out from its winter freezes, and all respond to Spring's call to purge and purify themselves, there is a great change also takes place in our bodies. The blood endeavors to throw off the poisons and accumulations which have formed in the system, and been absorbed by it, from the inactive winter life, and calls upon every member to assist in the elimination. The system is often unequal to the struggle, the appetite grows fickle, the energies give way, the spirits are depressed, and a general run-down condition is the result.

Then the body must have assistance—it must be strengthened and aided by a tonic, and S. S. S. is the ideal one. Being made entirely from roots, herbs and barks, it does not disagreeably affect the system in any way as do most of the so-called tonics on the market, which contain Potash or some other harmful mineral ingredient to derange the stomach and digestion, unfavorably affect the bowels, or otherwise damage the health. S. S. S. tones up the stomach and digestion and assists in the assimilation of food; it rids the system of that always-tired, worn-out feeling, and imparts vigor and tone to every part of the body. It re-establishes the healthy circulation of the blood, stimulates the sluggish organs, and calms the unstrung nerves which make one feel that he is on the verge of prostration. S. S. S. gives an appetite and relish for food that nothing else does, and by its use we can find ourselves with as hearty, hungry an appetite in Spring as at any other season.

It acts more promptly and gives better and more lasting results than any other remedy, and is absolutely safe because of its vegetable purity. Dyspeptic, irritable, nervous, debilitated people will find S. S. S. is just the medicine that is needed for the purification of the blood, which, from its diseased or impure condition, is causing their trouble, as well as for toning up and helping the entire system. When you take your tonic this Spring do not experiment, but get the best—the tonic with forty years of success behind it, and the one endorsed by the best people all over the country—***S. S. S., THE GREATEST OF ALL TONICS.*** It is necessary at this time, when the system is depleted and weakened at every point, that the right remedy be used—one that is especially adapted to the condition, and S. S. S. has proved itself to be this remedy for many years. If it is taken at the first sign of Spring the system will be so built up and strengthened that the disagreeable affections of the season will not be felt as warmer weather comes on.

AN EFFORT TO PULL THROUGH THE DAY.

I have used S. S. S. quite extensively and unhesitatingly recommend it as the best blood purifier and tonic made I am a machinist by trade and at one time my system was so run down that by 10 o'clock every day I would be completely exhausted, and it was with the greatest effort that I could pull through the balance of the day. Since taking S S S, however, all this has disappeared I am a strong vigorous man, abundantly able to do my day's work my appetite has been whetted up so that I can eat anything my sleep is sweet and refreshing, and I know further that it has purified my blood and put it in good condition. I cannot speak too highly of your great remedy, S S S
817 W Broad St, Columbus, O. A. B MONTGOMERY.

SHE FOUND IT THE BEST SPRING TONIC.

On two occasions I have used S. S. S. in the spring with fine results I can heartily recommend it as a tonic and blood purifier I was troubled with headache, indigestion and liver troubles, which all disappeared under the use of S S S My appetite, which was poor, was greatly helped. I can eat anything I want now without fear of indigestion, and my blood has been thoroughly cleansed of all impurities and made rich and strong again As a tonic and blood purifier it is all you claim for it.

RAILROAD LINES ARE NOW OPEN SOUTHWARD

Both Santa Fe and Southern Pacific Trains Are Running Nearly on Schedule.

LOS ANGELES, March 15.—Conditions in Los Angeles and Southern California following the recent heavy floods have again resumed their normal proportions with the exception of those affecting the transcontinental railway lines.

Both the Santa Fe and Southern Pacific roads are still tied up, but the work of repairing the roadbeds is going forward as rapidly as conditions will allow, and it is expected that the lines will again be open before many hours.

The Santa Fe washouts are already temporarily repaired and General Manager Wells states this morning that he expects to have trains moving both ways by noon

The eastbound Santa Fe express left Los Angeles on time this morning, and other eastbound trains are proceeding on their regular schedule

The several westbound trains that have been held at Barstow since Sunday have left that place and should reach here some time tonight.

Reports from the Southern Pacific are not so encouraging Only the valley division has been restored to anything like its normal condition Two trains arrived in Los Angeles over that division this morning The "Owl," due here Monday at 8 45 a. m. arrived at the Arcade station at 8 50 today An hour later the first section of the regular passenger train due here Monday at 6 55 p m., pulled into the depot.

The passengers on both trains were a tired and weary lot of travelers The trains have been held for three days past, unable to move either way because of the washouts The second section of the last named train, due here Tuesday, will arrive some time tonight

On the Southern Pacific Coast line the situation shows little improvement, and the officers are pessimistic regarding the outlook. The several breaks in the line between Ventura and Los Angeles have not been repaired and this morning rain was again reported to be falling heavily at Oxnard and several other places along the line This means a cessation of the repair work and still further delay. The southbound trains, seven in number, are still held at Santa Barbara and will remain there until the line is open It was stated at the company's local offices today that they hoped to get these trains into Los Angeles some time tonight, but that the outlook did not appear encouraging for it.

Superintendent Ingraham, in charge of the work of reconstruction and with large crews of laborers, is hurrying forward the work of repair with all possible despatch.

The northbound "Owl" train on the valley division, which left Los Angeles at 1 40 Sunday afternoon and proceeded as far as Tropico, and was compelled by the floods to return here, started north again this morning at 9 40. The weather in Los Angeles is cloudy and threatening today and a further fall of rain seems probable.

SAN FRANCISCO, March 15.—The officials in this city of the Southern Pacific and Santa Fe railroads state that trains to and from Southern California are running today, though one of the lines has not yet been repaired.

The Southern Pacific line by way of Saugus and the valley route are said to be now open, though the new tunnel line is still blocked. A number of delayed trains will reach here today.

More rain, accompanied by wind, is predicted by the Weather Bureau.

GOVERNOR ADAMS MAY BE UNSEATED.

Vote in Colorado Legislature is Reported to Be Very Close on Proposition.

DENVER March 15.—It is evident that the final vote which will determine whether Governor Adams shall continue to hold the chair in which he was seated on January 10 or shall surrender it to its former occupant, James H Peabody, will be very close. It was on this account that the Peabody leaders secured an adjournment of the joint convention yesterday

The efforts of the Peabody leaders to have his contest treated as a political issue seem to have signally failed The Republicans have a clear majority of thirty-five on joint ballot, but one-third of the sixty-six Republican members it is commonly reported have pledged themselves not to vote for Peabody under any circumstances It is said that these Republicans have even rejected a proposition to vote for Peabody on condition that he would resign after being seated

The action of Lieutenant Governor McDonald in casting the deciding vote on the motion for a recess yesterday has opened up a wide range of discussion Adams superters claim that the Lieutenant Governor has no right to vote in joint convention under any circumstances, but Lieutenant Governor McDonald claims he has such a right and has strongly intimated that he will even vote on the Governorship contest in case of a tie

Lobbyists were excluded today from the floor of Representatives Hall where the joint convention meets Yesterday lobbyists working in the interests of Peabody were permitted on the floor and they mingled freely with the members during the session The galleries were crowded today in anticipation of final action on the prolonged contest

Immediately after assembling the joint convention took a recess until 2 30 p m today The motion was carried on a viva voce vote The Peabody and anti-Peabody Republicans are conferring on a proposition to seat Peabody as Governor with an understanding that he will immediately resign leaving the office to Lieutenant Governor McDonald. One of the leaders of the anti Peabody Republicans said after adjournment that Peabody's resignation had already been prepared and would be placed in the hands of his opponents if they would agree to this proposition

LOOK FOR GANG OF THIEVES

Police Believe There is Organization of Petty Criminals.

The police are just now worrying over the presence in the city of what they believe to be an organized gang of petty thieves Almost daily numerous reports of the theft of small articles are received, but so far the thieves have eluded capture

Among the complaints received today was one made by M P George who conducts a shoe shop at Twenty-fourth street and Broadway He reports that some one stole a lot of tools from his shop last night

G H Grall of 1468 Dwinell street reports that several carpenters' tools were stolen from a vacant house at Tenth and Madison streets

Robert Bowie has reported that a gold watch was stolen from his home at 478 Twenty-third street

Miss Frankie Lavanseler of 1506 Ninth street reported that her bicycle was stolen from Eighteenth and Center streets, where she had left it, and C A. Jones of 530 Thirteenth street had a similar experience with his wheel, which he left at the Public Library

Outside the city limits similar complaints are made Herman Van Dusen reports a burglary of his store on the old Redwood road A lot of babies' caps and other small articles were stolen.

A gold watch was stolen from the office of the Oakland Meat Company at the stockyards.

DEALS JUSTICE TO TWO

POLICE JUDGE SAMUELS PASSES JUDGMENT ON SMALL OFFENDERS.

R. M Neely, a shoemaker, looked long and vigorously upon the wine when it was red and the beer when it was amber last night Now he is sorry, but he is grateful that a check for $100 was still in his possession this morning

Neely was found in a staggering condition by Policeman Crossman at Eleventh and Broadway, and as he was displaying his check and some change in a manner to decide Crossman to lock him up for safe keeping

This morning Neely was in a penitent mood, and upon his promise not to repeat the offense, Police Judge Smith suspended judgment.

R. L Moore, who is believed by the police to be a 'peeping Tom" did not fare so well as Neely Police Judge Samuels fined him $100 for disturbing the peace, with the alternative of spending fifty days in the City Prison.

Moore was found loitering in the rear of 806 Oak street and word was sent to the police When Sergeant Lynch arrived Moore was still in the neighborhood and he was taken into custody.

Moore's defense was that his identity was mistaken, but the evidence against him was so convincing that Judge Samuels found him guilty

The charge of burglary against Connie Fitzgerald and Joseph Hawley, old offenders who were found in the store of the Wakefield Manufacturing Company at 463 Fourth street and were arrested by Special Policeman Ford, went over till tomorrow, when the men will be arraigned. They assert that they went into the store to sleep and not to steal.

MRS. SCHLUETER IS LAID TO REST

Impressive funeral services were held today in the chapel of the Oakland crematory, where the body of the late Mrs. Sophie Schlueter was cremated. Short services were first held at the family home, 570 Twenty-fourth street, where the deceased passed away Monday, and later the body was conveyed to the crematory, where the public services were held at 2 o'clock.

The Rev. A. Jatho of the German Lutheran Church of San Francisco conducted the services, and the pallbearers were E, Wickham, M, Taylor, A. Lehr, A, Lloyd, T, A, Berlin and C, Gierrine. Many beautiful floral offerings were sent by relatives and acquaintances in Oakland and San Francisco,

TERRIBLE EXPERIENCE OF FOUR MEN IN FIERCE STORM.

Two Are Injured in Thrilling Battle With Death on Water.

(From Yesterday's Last Edition.)

SAN FRANCISCO, March 14.—Four San Franciscans who for hours had fought with death in a storm off the treacherous Mendocino coast and who had been given up for lost by relatives and friends, returned home this morning thankful that they are still alive. The four men were Emil Schneider and Charles A. Stowell of the United States Marine Hospital Service; Paul E. Squire, a druggist, employed at the Leipnitz drug store, and Julius Berges of the wholesale liquor firm of Bergez & Domenicon. Sharing the same peril were the captains and crews of the tugs Henrietta and U. S. Grant of the Paladini fishing fleet.

During the thrilling experience two men were injured. Schneider, who took a turn at the wheel on the Henrietta, was hurled against the pilot-house by a huge wave and sustained painful bruises and a broken rib and the fireman of the Grant had an arm broken. The Grant had a mast snapped off in the gale, tangled gearing caught in her propeller, and she now lies in Drake's Bay awaiting repairs. The Henrietta was uninjured.

The party of four who went out to the fishing banks for a good time were away about fifty-three hours. When they got ashore yesterday they tried to communicate with their friends in this city, but the wires were down and it was not known whether they were dead or alive until they got back this morning.

TERRIBLE EXPERIENCE.

Emil Schneider, who pluckily went back to his work in the branch of the Marine Hospital in the Appraiser's building after he had communicated with his relatives, tells a dramatic story of the trip. Here is his narrative, told in the way of a man who can face a crisis without losing his nerve:

"We started out Sunday morning at 4 o'clock on the fishing tug Henrietta. The weather was fine, and we stayed on deck enjoying ourselves until we reached the fishing banks twenty miles north of Point Reyes. At 7:30 o'clock in the morning, after the nets were out, the storm came up. Soon it grew so fierce that the boss fisherman ordered that the nets be pulled up. For a while it was feared that they would have to be cut loose, but we persevered and finally got them in. It was a tough job. The haul of fish was a good one, but something else demanded our attention just then. The waves were running as high as the Spreckels' Building. We tried to keep in deep water, but it was too rough. Then we made for Drake's Bay. Between wind and wave we were in a bad way. I thought it was all off with us. Even the captain had no hope. I helped out at the wheel. A big wave hurled me against the pilot-house and gave me a busted rib.

MAST BROKEN.

"When we got to the bar it was breaking low and was worse than the sea. Captain Nelson wanted to make for deep water again, but the boss fisherman insisted on keeping the tug headed for the bay. Behind was the fishing tug U. S. Grant which trolls with the Henrietta. The Grant was struck by a heavy sea that snapped her stern mast, cleaned her decks, swept away the life boats filled her engine rooms with water and put out the fires. The gearing got tangled in the propeller and the tug was helpless. Some time during this trouble the fireman of the Grant got his arm broken.

"We stood by the Grant. She drifted along, and after much difficulty both tugs got across the bar and into Drake's bay. It was two o'clock Sunday afternoon when we got there. It was too rough to launch one of our boats, and there we lay all night and until yesterday afternoon. Then four of us, drenched and weary, got ashore in a skiff. When we got to the lighthouse the register showed that the wind which we were up against blew at least a hundred miles an hour. That was the limit of the register. I was told that the wind was stronger but just how much nobody knew. When we tried to communicate with our friends and relatives there was much trouble. The wires were down

WALKED MILES TO REFUGE.

"To go back with my story a bit, we had a fine walk after we got ashore. I am told that we walked six miles, but it seemed more like sixty miles. We got to the Geary ranch, and the people there treated us like white men, giving us not only food, but dry clothing. Then they put us in a wagon and took us thirty-five miles to Point Reyes. After a few hours' rest we got aboard the morning train, and now I can truthfully say that I'm glad I'm here.

"The crew of the Henrietta included Captain Nelson, Chief Engineer H. Meenan, an assistant engineer and five fishermen. Captain Nelson did great work. He was on deck all the time. He says that he never saw a storm like it, and he couldn't understand how we managed to live through it. As for the Grant, he said, her survival was a mystery."

TOSSED LIKE CORK.

Paul E. Squire went around the Horn on the Oregon and was in service on that ship during the fight at Santiago, but he will forget those things before he will cease to remember his trip to the fishing banks. "The waves were mountains high," he said this morning. 'I didn't realize the danger, but the captain and others did. I was so sick that I didn't care what happened. No storm ever made me sick before. I used to boast that I couldn't get seasick, but that experience Sunday was too much for me. We were tossed around like cork. The Grant was worse off than our tug. Her mast went overboard her boats were swept away and her fires were put out. It was thought that the Grant would have to be beached, but after her crew got the water out it was found that she wasn't leaking. It was a great experience, but one trip of that kind is enough for me."

THUGS HAVE CHECKS

Murderers Afraid to Cash Paper for $1,600.

(From Yesterday's Last Edition.)

SAN FRANCISCO, March 14.—If John Brashland, the retired cavalry sergeant who met his death in this city on December 10 last, was really the victim of knockout drops, the conspirators who hold his pay checks for $1,600 will experience considerable difficulty in getting their money. So far the checks have never been offered for collection, the murderers, no doubt, believing that an early presentation might arouse suspicion and call for an explanation they were not prepared to give. Now they will never be paid unless the party or parties holding them can prove to the satisfaction of the army paymaster that they are entitled to the money.

After the publication of the story outlining the views of Brashland's former captain, who firmly believes that his old sergeant was a victim of foul play, Captain of Detectives Burnett again took up the investigation of the case, which has been allowed to slumber since the Coroner completed his investigation. All of the old police reports were gone over, the Coroner's records were looked up, and the detectives who had been engaged in the former investigation were closely questioned by their chief. The result was that additional men were put to work to unravel the mystery, and this morning Captain of Detectives Burnett has their reports in hand.

Detective Ryan visited the office of the army paymaster yesterday afternoon and learned that none of the Brashland checks had ever been presented for collection at the Sub-Treasury. He was advised by the paymaster that in the event of any of them being offered they would be held until the party offering them could establish his right to their possession.

Detective Cody went over the ground covered by upper office men during the former investigation. He found that Brashland had intrusted two checks, one for $1,000 and one for $600, to Oswald Weinhold, a saloon-keeper at Lyon and Lombard streets, a few days before his death. On these checks he had secured advances of $600, and had then called for them, giving Weinhold a receipt for the securities. He promised Weinhold that he would come back the next day, go to the Sub-Treasury with him and pay him the cash advanced, but Weinhold declares that he never came back, and that he never saw him again.

Captain Burnett said this morning that the department would do everything possible to get to the bottom of the mystery, but he has little hopes of a solution until the checks are offered for collection at the Sub-Treasury. So long a time has elapsed since the death of Brashland that the detectives are greatly handicapped in their efforts to locate the criminals, if criminals there be, but if the checks are in the hands of the men responsible for Brashland's death the police believe they will be put in circulation before long, and this may lead to the capture of the guilty parties.

GRADY ATTACKS HEARST

Says That the Editor Has Joined Hands With Odell.

(From Yesterday's Last Edition.)

ALBANY, N. Y., March 14.—The agitation in New York City for a lower gas rate, together with allegations against the gas companies of extortionate rates and of maintaining false meters, resulted today in the adoption by the Senate of a joint resolution providing for a joint investigation of the New York gas and electric lighting situation.

The resolution was not passed, however, until after a long and rather acrimonious debate, in which Senator Grady of New York, the Democratic leader and principal representative of Tammany Hall in the upper branch of the general assembly, took a conspicuous part.

Senator Grady led the opposition to the resolution, charging that its motive was purely partisan and directing a particularly bitter attack against William R. Hearst who, he said, had joined hands with Republican State Chairman Odell to accomplish his purposes.

SENTENCE STANDS

Army Officer Will Have to Serve Time on Alcatraz.

(From Yesterday's Last Edition.)

WASHINGTON, March 14.—The President has approved the sentence in the case of Lieut. Francis M. Boone, Nineteenth Infantry, who was tried and convicted by courtmartial at Vancouver Barracks on the charge of desertion, absence without leave, breach of arrest and non-payment of debts.

The sentence of the court was dismisal and two years' imprisonment, but the President, upon recommendation of the War Department, reduced the terms of imprisonment to one year.

Alcatraz Island, California, is designated as the place of confinement.

FIRE ON WHARF ON BROADWAY

SAN FRANCISCO, March 14.—A fire in the wooden building on the Broadway wharf, used by the Pacific Coast Steamship Company for their ticket office and storerooms, did $3000 damage this morning.

Flames were seen in the upper story, which is used as a sail loft, at 6:30 this morning by workmen on a coal barge tied up at the adjoining dock.

In response to an alarm the fire-boat Governor Markham, as well as the engines of the department, promptly appeared on the scene. The blowing out of the pump cylinder-head on the Markham caused some delay, but the blaze was extinguished while it was still confined to the second story.

The building, which is part of the State water front property, is damaged to the extent of $3000. It is fully insured by a blanket policy, which carries $550,000 on the State's entire harbor property, and in distributed among twenty or more companies.

The damage suffered by the steamship company is confined to the loss of stores of life preserves and marine stores and the inconvenience to which they are put.

The cause of the fire is said to have been defective wiring.

HE BOLDLY STOLE A CORNET

SAN FRANCISCO, March 14.—It is alleged the William Powers walked boldly into the Mission Theater last Sunday night and picked up the cornet of one of the musicians and walked out with it.

This morning he was arrested by Detectives Graham and Harrison at his home at Mission and Twenty-second streets and brought to the police station, where he was placed on the detinue book pending further investigation, but before the day is over he will likely be booked on the charge of grand larceny, as A. Schildkert, the owner of the cornet claims that its value is $100. The stolen property was recovered by the sleuths in a pawnshop yesterday and returned to its owner.

KILLED BY JEALOUS HUSBAND

"I Have Done the Job," He Says After Murder.

GRASS VALLEY, March 14.—Shortly before 1 o'clock this afternoon William Trebilcox shot and instantly killed his wife and dangerously wounded her cousin, young Charles Allen, at the outskirts of this city. No apparent cause is given for the crime. Trebilcox and his wife had been married eight years, but their life was unhappy. He came home, after an absence of some time, and was met at the front door by Allen, who has not yet reached his majority. He burst in ordered Allen out of the place and threatened to kill him. Allen jumped behind a door, drew a 22-caliber pistol, having caught sight of Trebilcox's weapon, and fired. The shot went wild and Trebilcox reached around the door and fired, sending a bullet through Allen's thigh. He then dashed through the door, and his wife fled out the rear door.

As she did so, the infuriated husband fired at close range, the bullet striking her in the back of the head. She fell dead in a pool of blood. Allen then escaped and ran for a near-by saloon, Trebilcox firing two shots after him. Trebilcox then walked into town and delivered himself to Marshal Deeble, carrying his six-shooter in his hand and saying, 'I have done the job." After a short stay in the city jail he was hurried to the County Jail at Nevada City, fears being entertained of lynching. On the way to the County Jail they had to pass the scene of the murder. A crowd gathered as he passed with the officers, but no demonstration was made.

Young Allen was badly wounded and is too weak to make a statement yet.

GRAND DUKE'S ESTATE PILLAGED

ST. PETERSBURG, March 14.—The estate of the late Grand Duke Sergius, in the Dimtrov district, near Moscow, has been pillaged by peasants and a factory in the same district has been burned down.

ENGINE DROPS THROUGH TRACK

SAN DIEGO, March 14.—The engine of the northbound passenger train on the Santa Fe, leaving San Diego at 8:30 a. m., dropped through the track at Encinitas and was delayed until nearly 2 o'clock this afternoon.

The southbound train due here at 12:40 was held two hours by the wreck. The settling of the roadbed caused by the rails spreading, caused the accident.

MAY HAVE TAKEN DOSE OF POISON

NEW YORK, March 14.—A man who registered at the Grand Union Hotel last night as Henry R. Reed and engaged a suite of three rooms, was found dead in bed to-day. A bottle containing a white powder was found in the room and the police are investigating on the theory that the man may have commited suicide. They are also looking for a young woman who was seen to leave the hotel with Reed last night.

The dead man who was sixty years of age, was senior member of the firm of Nasstes, Spaulding & Co., owners of the Revere Sugar Refinery of Boston.

AS TO STATEHOOD

Oakland, March 14. Editor TRIBUNE: Will you kindly advise me through your valuable columns how many citizens are necessary to Statehood?

AN OLD SUBSCRIBER.

The power to admit a State into the Union is vested solely in Congress by the Constitution of the United States, which makes no provision or regulation in regard to population.

FISHERMEN TOSSED IN THE STORM

SAN FRANCISCO, March 14.—The Weather Bureau observer at Point Reyes reports that two fishing vessels were badly damaged during the storm on Sunday. One of the fishermen had a rib broken. Several small boats were lost.

FOUND NO SIGNS OF A DERELICT

VALLEJO, Cal., March 14.—The naval transport Solace arrived at Mare Island today from the north. She had been searching for a derelict, but found no signs of it.

After a survey of the New Orleans by the construction department it has been estimated that repairs will cost $238,000.

The Boston's machinery will be completely overhauled and repaired.

PRES. CASTRO IS A DISTURBER

PARIS, March 14.—The Foreign Office here has not been advised of the action of President Castro toward the French Cable Company, but declare that France will act energetically should the information prove correct.

President Castro's attitude with reference to the New York and Bermudez Asphalt Company is regarded by the Foreign Office as a pretext to gain time, and it is added that sooner or later the Venezuelan President will seize an opportunity to create serious trouble between the United States and Venezuela.

WILL POSTPONE ISSUE OF LOAN

PARIS, March 14.—Inquiry today at three banks principally interested in the new Russian loan brought the response that it had been decided to postpone the issue. A representative of one of the banks said the postponement was for such an indefinite period that it was unlikely the issue could occur for some time to come. The postponement was attributed to the uncertainties of the war situation.

OPERATORS HAVE BEEN DISMISSED

TORONTO, Ont., March 14.—Twenty telegraph operators of the middle and fifteen of the Eastern division of the Grand Trunk Railway have received notice of dismissal. The company, it is said, will adopt the composite telephone system. The operators are very uneasy and believe that the action of the company is aimed at the order of Railway Telegraphers. The operators were recently awarded by arbitrators and increase of $5 a month.

ELY, Minn., March 14.—A porter was burned to death to-day in a fire that destroyed the Vail Hotel, a four-story building. Many guests were taken down on ladders.

BURGLARS MAKE A SMALL HAUL

FRUITVALE, March 14.—Robbers entered the store of Herman Von Duren, at the corner of Redwood road and Fourteenth street, a little after 3 o'clock this morning, and succeeded in getting away with about $8 worth of merchandise. The noise of their operations aroused Mrs. Von Duren who was sleeping in a cottage next door. She saw one come out of the back door of the store, a medium-sized man wearing a long black coat. He escaped without being pursued. Entrance was gained by boring a hole in the back door of the store. The lock was then picked. The constable has been notified.

The War to Go on.

The Czar's cabinet has decided, at least it is so given out, that the war must continue. Kuropatkin is reorganizing his shattered army and fortifying his new position at Tie Pass, while Oyama is gathering his strength for another decisive blow. The Russian army lost more than a third of its fighting strength in the battle of Mukden, the losses falling heaviest on the finest corps under Kaulbars and Rennekamff. It may well be doubted, therefore, if Kuropatkin can do more than temporarily check the Japanese advance. The late battle has left Oyama with a tremendous superiority in fighting strength, and judging by his tactics in the past, he will delay serious frontal attack till his flanking columns have the Russian communications threatened. This would compel another precipitate retreat under fire.

Kuropatkin thought he was winning the battle of Mukden till he suddenly discovered that his army was nearly surrounded. While Oyama was hammering his front, Kuroki was turning his flank, and Nogi was driving around his right. Thus the converging Japanese columns were rapidly approaching a junction in the Russian rear, cutting the railroad and barring the line of retreat to Harbin. Had Kuropatkin delayed his retreat a few hours Tie Pass would have been in the hands of the enemy, and the entire Russian army lost, as was the case with the Austrians at Ulm and the French at Sedan.

Should Oyama inflict another crushing defeat on Kuropatkin before he can be substantially reinforced, it is difficult to understand how the Russians can continue to offer effective resistance. A disorderly retreat to Harbin would give the Japanese an opportunity to strike the Trans-Siberian Railroad both east and west of Harbin, and cut off communications with Vladivostok and Irkutsk. Could Kuropatkin be isolated at Harbin his speedy surrender would inevitably follow, for he could obtain neither reinforcements nor supplies However, the Russian ministry has decided that the war must go on, so the world may expect a repetition of the horrors of Mukden and Liao Yang.

Kuropatkin has found out that everything comes to him who waits. He waited till he got what was coming to him.

With much gravity the Stockton Mail debates the question asked by itself "Shall the Legislature be abolished?" Why not ask the real question involved in this query which is· Shall a republican form of government be abolished? The law-making power must be vested in the people or somebody else. A legislature is necessary if the popular voice is to control in the making of laws and the direction of public expenditures. What is to take its place were it abolished? The Mail's question reminds one of the dogday disquisitions as to whether or not marriage is a failure. If we say yes, what is to be substituted for it?

The Baltic fleet is still hugging the coast of Madagascar. That is better than doing a stunt in Davy Jones' locker.

Congressman Littlefield of Maine estimates the deficit in the National budget next year at $92,000,000. There is nothing small about these figures. If they correctly portray the condition of the nation's finances there is need for some financial statesmanship in Washington. If the surplus now in the Treasury is to be changed for a deficit, there is going to be trouble. Nature no more abhors a vacuum than good politics abhors a deficit.

Between Tom Lawson and Tom Watson, the cheap magazines are putting the yellow journals in the shade.

Evidences multiply that the Senate has embarked in a scheme to baffle and harass the President at every point. In pursuance of this policy all treaties negotiated by the administration will either be turned down or amended out of all shape. The Dominican treaty is to be the first open notice that the Senate is in revolt against the White House. The Democrats have been seduced by that arch schemer Gorman of Maryland into letting themselves be lined up solidly against the treaty. The smothering of the Panama Canal Commission bill and the Railroad Rebate bill was but an indication of the Senate's determination to thwart the President in all possible ways. It is also reported from Washington that the confirmation of Charles W. Anderson, the colored lawyer recently appointed Collector of Internal Revenue in New York, will be held up. It seems that the New York Senators will not openly fight confirmation, but are scheming with their colleagues to prevent it by having the committee report against it, and then quietly dropping Anderson down the coal hole in executive session. As a rule the Senate has gained little by arraying itself as an obstructive force against the Executive.

Apparently Kuropatkin desires to surrender the command of the army to avoid surrendering the army itself.

The Corrupting Philippine Islands.

One of the strongest arguments against the retention of the Philippine Islands is the corrupting influence their possession has had on the United States army. The history of the American occupation of the islands has been one long story of scandals. A year or two in the Philippines seems to blunt the fine sense of honor that has heretofore been the chief characteristic of the graduates of West Point. The moral fibre seems to rot out under the influence of a debilitating climation and association with the degenerate races of the Orient. Officers lose their self-respect and their self-control. They become grafters, and violate with reckless abandon the habits of decency in their relations with the families of brother officers. The long list of wrecked careers and ruined homes that is to be charged up in the debit column in our Philippine account is a melancholy exhibit against expansion in the tropical Orient. We send our young officers to the islands to become thieves, drunkards and blackguards, and then we wonder what has got into the army. The trouble is that the army has got into the Philippines. It might as well be in hell.

OAKLAND'S BOND ELECTION.

The Oakland bond election resulted in the positive rejection of the proposition to issue bonds in the sum of $5,700,000 for the promotion of a water scheme. It was an acrimonious fight. On the one side were those who had grievances against the water company; those who honestly felt that it is better for the city to establish a water plant of its own, and those who "had it in" for the water company for one reason or another, or no reason at all. In this category is the large contingent that found inspiration in the prospect that a corporation was to be cinched, whether they themselves received any benefit or not. There are not a few such people in every community. On the other side was a corporation fighting for its life—fighting against confiscation. It was an unfortunate alignment all around, for the city suffered as a whole. One would think the result would be permitted to determine the public attitude on the question for a while, at least, but a paper came out the next morning with the declaration that the issue must be repeated immediately; that the city must be torn up again over the controversy. Incidentally, it is to be taken account of that the sentiment in favor of municipal ownership is not growing.

It is a good illustration of how political campaigns unsettle business and things generally that the Oakland bond election put a quietus upon real estate transactions for a month. Buyers were in doubt as to what they would have to face. The man who buys property takes account of such things as a bond debt of $5,700,000 upon a community, and knows it cannot result in increasing the price of property. That was what every man with any notion to buy Oakland property during the bond campaign thought the first thing, and it was what agents ran up against whenever they attempted to bring properties to the attention of investors. Now that it is all over, the business people of that city should see that the agitation is not renewed just for the sake of permitting somebody to keep up their grouch.—Alameda Argus.

Hints for the Ladies

For sudden hoarseness try a lump of borax the size of a pea dissolved in the mouth.

Fresh bread should never be given when the digestion is impaired. Bread should be at least twenty-four hours old before it is served.

Never go from a warm atmosphere into a cooler one without keeping the mouth closed, so that the air may be warmed in its passage through the nose before it reaches the lungs

For ventilation open your windows both at top and bottom. The fresh air rushes in one way while the foul makes its exit the other. This is letting in your friend and expelling your enemy.

Those subject to sore throat will find the following preparation simple, cheap and highly efficacious when used in the early stage: Pour a pint of boiling water on thirty leaves of the common sage and let the infusion stand for an hour, add vinegar sufficient to make it pleasantly acid and honey to taste The mixture should be used as a gargle twice a day. There is no danger if some of it is swallowed.

Those who take cold easily after washing their head should rub a little eau de cologne or other spirit into the scalp after the hair is dried.

Alum should never be absent from any household. It checks bleeding effectually. Alum boiled in small quantities is good for toothache; it must be held in the mouth but not swallowed.

To remove a wart dampen it and rub with a piece of common soda. Do this three or four times a day for a month and the wart will drop off, leaving no mark on the skin.

A successful method of giving children powders is to cut open a small piece of chocolate cream, insert the powder and close the chocolate again This is one of the easiest ways of inducing a child to take a powder and less sickish than the usual spoonful of jelly.

To assuage thirst and appease feverishness apple tea is a capital drink for sick people. It is made by slicing raw apples into a jug, filling up the jug with boiling water as in tea-making, then sweetening to taste. When cold this apple tea will be found pleasingly tart and refreshing.

A SEL-COCKING HAT.

(Washington Correspondence Evening Post.)

New anecdotes are coming to light daily about the Western contingent of the Rough Riders which descended on Washington for the inauguration. Here is one that has not found its way into print before. One of the members of Roosevelt's old command, now a lawyer in New England, came down with his wife and established himself rather luxuriously at the best hotel in Washington. He made his apartments a sort of entertainment headquarters for his old companions, and as fast as he could round them up in various parts of the town would bring them to his rooms for a drink and a smoke.

Late Saturday afternoon one of the men in the room was a young Arizona cowman who had been a sergeant in my regiment. Sitting on the edge of a bed looking at his host's evening things, which were spread out, he espied an opera hat compressed into itself, and picking it up began to regard it curiously from different angles. While poking it, the hat sprung open. Young Arizona regarded his handiwork with amazement and delight.

"A hat!" he commented admiringly, "a self-cocking hat! Now, don't that beat hell!"

AT THE MERCY OF JAPAN?

(From the London Outlook.)

If General Kuropatkin is once overthrown there will be nothing to arrest the progress of Japanese arms. Russia would have to choose between payment of an indemnity and total expulsion from all her Pacific territories Our allies would of course prefer the indemnity. With a sum of £100,000,000 or even £50,000,000 in hand after the conclusion of peace, they would become the third naval power in the world, ranking after England and the United States. From this point of view it will be seen at once that the naval results of the struggle may prove in the long run more momentous than the military.

The Japanese, however, have obviously fixed their secret minds upon terms which they know that Russia would not at present concede. We are strongly inclined to believe, nevertheless, that the first signals of distress have been shown upon the Neva. The longer the war continues the deeper must be the catastrophe in which it will plunge the losers. But General Kuropatkin and Admiral Rojestvensky must be disposed of before Russia is driven to recognize that peace literally at any price would be cheaper than the ultimate cost of continued hostilities.

IS YOUR COAT DISTY?

You Probably Have the White Scab of Dandruff On It.

If your coat or shoulders have a white dust upon them, the chances are that it is from dandruff. The only way to permanently cure dandruff is to remove the cause, which is a germ. Newbro's Herpicide kills the germ. Every toilet table should have such a hair-dressing that contains also the destroyer of the danruff and hair falling germ. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good" will not do the work of genuine Herpicide. Sold by leading druggists. Send 10 cents in stamps for sample to the Herpicide Company, Detroit, Michigan. Bowman & Company, special agents.

DIVORCED WOMAN GIVES HER VIEWS.

BERKELEY, MARCH 15—MRS. ALICE ADAMS CHURCH OF 2123 SHATTUCK AVENUE IS NOT OF THE OPINION THAT SOCIETY WOMEN WHOSE LIVES ARE LUXURIOUS AND HAPPY ARE BEST QUALIFIED TO DISCUSS THE QUESTION OF DIVORCE. MRS. CHURCH IS OF THE BELIEF THAT WOMEN WHO THEMSELVES HAVE BEEN COMPELLED TO SEEK RELIEF IN THE DIVORCE COURTS ARE THE BEST ABLE TO DISCUSS THE CAUSES OF THIS SOCIAL EVIL. SHE HERSELF HAS OBTAINED A DIVORCE FROM HER HUSBAND, AN ATTORNEY OF FRESNO, CLAIMING THAT HE TREATED HER CRUELLY.

MANY DISTINGUISHED MEN OF THE CHURCH TAKE AN UNEQUIVOCAL STAND AGAINST DIVORCE FOR ANY CAUSE. OTHERS OPPOSE REMARRIAGE AFTER DIVORCE. SOME, HOWEVER, THINK DIVORCE AND REMARRIAGE NECESSARY AND RIGHT.

THE RECENT REMARKS OF PRESIDENT ROOSEVELT WERE DIRECTED PRINCIPALLY TO "EASY DIVORCE," THE VARIETY THAT AMERICAN LEGISLATORS NOWADAYS ARE AIMING TO CHECK. IT WAS TO MAKE DIVORCE MORE DIFFICULT AND TO PREVENT HASTY REMARRIAGE THAT CALIFORNIA RECENTLY PASSED THE THE LAW WITHHOLDING FOR ONE YEAR THE FINAL SIGNATURE IN DIVORCE DECREES.

DISTINGUISHED EDUCATIONAL MEN AND PROMINENT AUTHORS ARE AMONG THOSE WHO TAKE HIGHLY OPTIMISTIC VIEWS OF DIVORCE. INCIDENTAL TO THE MAIN DISCUSSION, THERE ARE DIFFERING VIEWS AS TO THE DIVORCE CAUSES. PRESIDENT JORDAN'S REMARKS ON THE FASHIONABLE BOARDING-HOUSES AND THE SIMILAR CRITICISM OF BISHOP SATTERLEE IN REGARD TO APARTMENT HOUSES ARE ELICITING SPIRITED REPLIES FROM PEOPLE WHO ASSUME TO SPEAK FROM EXPERIENCE AND OBSERVATION.

BY MRS. ALICE ADAMS CHURCH

It seems to me that the divorce problem, which is now agitating the country, has been given to a class of women as incapable of finding a correct solution as it would be possible to find. Society women, who have had all their lives every whim and desire granted, either because of their own selfish and dominant natures, or because their husbands have been too indifferent, good natured or chivalrous to oppose them, are requested to air views which they can know only little about, and cannot imagine, unless they have the gift of womanly sympathy (which, judging from their written statements, seems a sentiment foreign to the nature of many of them), while the women whose hearts have been broken and lives ruined, have been overlooked.

AMONG POORER CLASSES

If there is really a desire to learn the evils which prevail, either as a cause or as a climax to divorce, go through the packing houses, kitchens, sculleries, laundries, lodging-houses and all places where by unskilled labor the dethroned sisters, mothers, wives of the lords of creation can best eke out a living for themselves, and it may be several children, and ask these women why they are thus thrown out upon the world. In nine cases out of ten they will say that they "bore their troubles in secret" for years, that they might not be "dragged in and aired in the divorce court," and at last, unable to bear them any longer, and not strong enough, nor of the nature to "knock their husbands down," as Mrs. Reamer says that she would do if a man were cruel to her, "rather than go into a divorce court," they were obliged to seek protection somewhere, and found the only recourse in divorce.

HUSBAND GOES FREE

As the reports of such proceedings daily testify, the husband is generally allowed to go "scot-free," or, at the most, judgment is given that he pay a little alimony, which he has a thousand ways of avoiding, and if the wife is awarded the custody of any of the children she has borne (with what anguish mothers know), she is also awarded the privilege of rustling for a living for them among women as cold and unsympathetic as she who says: "I never think of it" (divorce), or she who says: "I think that unhappy people should keep their troubles strictly to themselves, women must bear the cross if it be their portion."

STEALS HIS CHILDREN

If the wife this freed from a man who is encouraged by law and by the people to be worse than a brute should be fortunate enough to found a new home and make a decent living for herself and children, the husband is apt to come upon the scene, and if he does not kill her, steals his children from her, and the mother is obliged to go racing over the country in an agony of fear and uncertainty, which only people with imagination enough to feel for others can understand.

TIME FOR IDLENESS

It seems strange that Gertrude Atherton said in her article in adjoining paragraphs, "A prevalent cause of unhappiness is the idleness of certain women," and in the next, "The most discontented women in the world are those of the middle class." It is news to me that the average woman "of the middle class" has much time for idleness, where the duties of wife, mother, housekeeper, nurse and often cook and governess devolve upon her. There is not in the world, to my way of thinking, any one so overworked as this same "woman of the middle class," who "cries for the moon" (and never gets it).

By the way, what is meant by the "middle class" in a country where a fishmonger's daughter can be a duchess?

BY "LOVING" THEM?

When Gertrude Atherton advises "more tact" in wives, does she mean the duplicity and cunning which many wives practice, hoodwinking their husbands, petting and cajoling them often, in order to gain a point which they could not gain in an honorable and straightforward way? I have known women in "the higher walks of life" very successful at this kind of chicanery, but is it womanly or dignified?

The article by Mrs. Barr is thoughtful and considerate, and is written by a real lady of the old school, who knows little from experience of anything disgraceful, but through her womanly sympathy is aware that such things may come to women of gentle nature, delicacy of feeling and tender heart. And God knows they bear enough before they make complaint, and are to be pitied rather than blamed.

THE WORDS OF GEORGE STERLING HAVE CONVINCED ME MORE THAN EVER THAT POETS AND PHILOSOPHERS SHOULD BE THE LAWMAKERS. HIS "EMPHATICALLY NO" WHEN ASKED IF MOST OF THE DIVORCES WERE NOT TAKEN TO THE COURTS BY WOMEN WAS MANLY AND TRUTHFUL, AND WHEN HE SAYS THAT "IN NINETEEN CASES OUT OF TWENTY HE WOULD DENY A DIVORCE TO A MAN" HE PUTS THOSE WHO REALLY DESIRE TO HUNT DOWN THE REAL EVIL AND REMEDY OF THIS MATTER, ON A BLAZED TRAIL, WHICH, IF FOLLOWED, WILL BRING THEM TO THE OPEN.

WANTS RELIEF FROM FLOOD OF SILVER

Appeal to Senator Perkins

WASHINGTON, March 15.—United States Treasurer Roberts has received a number of panicky telegrams from San Francisco banks and a long one from the United Railroads asking for relief from the flood of silver that swamps San Francisco banks and Sub-Treasury. The following telegram from the Wells, Fargo & Co. Bank is a sample of the howl that is going up: "This city is flooded with silver coins. The Sub-Treasury here does not redeem, as provided by law. Unless adequate arrangements are made for such redemption United States silver coins will certainly go to discount in this market."

Telegrams have been sent Senator Perkins urging him to see the Treasury people at once and prevent this threatened debasement of silver coins. Inquiry by him at the Treasury Department revealed that good solid iron dollars are not likely to go begging at San Francisco or anywhere else. The principal complainant is the United Railroads, which sent a 500-word telegram to Treasurer Roberts urging him to have the Mint cease paying out new silver and to instruct the Sub-Treasurer to deliver gold, and asking that the Mint be instructed to receive at least $5,000,000 in silver at once. Incidentally, the United Railroads, in its telegram, states that it has interest installments in New York, due April 1, amounting to $400,000 in gold.

"That's what's the matter with the United Railroads," said a Treasury official today. "It takes in silver and pays interest in gold, and does not want to pay express on money across the continent. There happens to be a surplus of silver in San Francisco. During the summer silver flows out into the country to pay farm hands and move crops, and in winter it accumulates in town. The banks have all they can handle and the Sub-Treasurer is shy of gold. So the banks are trying to make us believe silver will go below par. Well, if it does, there will be a big business snapping up silver out there."

Treasurer Roberts assured Senator Perkins he would take steps to temporarily relieve the strain, and it is probable a telegraphic transfer of gold will be made. When Secretary Shaw returns the matter will be called to his attention, and he may order more gold transferred.

Last year $17,000,000 in gold was transferred by wire to San Francisco to meet extraordinary demands. As the law stands this transfer is all that can be done to relieve the situation at San Francisco.

SAN FRANCISCO, March 15.—John F. Bigelow, vice-president of the Nevada National Bank, said: "As far as the relations with the Sub-Treasury are concerned it is unable to handle the silver because it has not sufficient room or sufficient help. The banks are very full of silver, and they cannot get rid of it fast enough at the Sub-Treasury by redemption. I think you will find every bank in town has a great deal more silver than can be disposed of, and it is accumulating."

On the other hand, Philip N. Lilienthal of the Anglo-California Bank, declared that the talk about being swamped with silver is bosh, and he believed that all the banks could easily handle the silver by standing in with each other, as it were.

Julius Jacobs, Assistant Treasurer of the United States Sub-Treasury, explained the situation by saying that "the United Railroads have sent to the Sub-Treasury very large amounts of silver and minor coins, which require time in examining and in counting. I have received their silver and minor coins until a few days ago, when I told them that there was a very large quantity awaiting counting, and I would notify them as soon as I can take more from them.

"There is not any more silver here than the usual quantity. The silver I have on hand approximates $32,000,000, which is not an unusual quantity. It is no trouble to count dollars and half dollars, or even quarters, but dimes and nickels and pennies cause us a great deal of trouble; it takes time. Every one in the Sub-Treasury that we can spare is engaged in counting and examining. But there are other duties that cannot be neglected.

"The great difficulty is that the United Railroads have been in the habit of depositing their silver and minor coins with the Nevada Bank, as well as with the Bank of California, which are now refused by these banks owing to both being about to change quarters, the Nevada to the Wells-Fargo and the Bank of California to the London and San Francisco Bank.

"There is no reason for fearing any trouble here, and with a little patience all can go on as smoothly as it always has."

Mr. Jacobs admitted that he had received a telegram from the Secretary of the Treasury yesterday asking what space is left for the accommodation of the storage of silver and minor coins and how much is counted.

"There is $13,000,000 of gold in the Sub-Treasury," he continued. "We are not shy of gold at all."

A DISTINGUISHED CLAIRVOYANT

MME. REGINA RUFF, THE FAMOUS AMERICAN AND GERMAN CLAIRVOYANT, AND PSYCHOLOGIST, NOW IN OAKLAND — LATE FROM BERLIN, GERMANY.

Was Brought Here From Philadelphia to Locate Some Valuable Papers.

Without doubt one of the greatest known clairvoyants in the world today is Mme. Ruff the distinguished clairvoant and pschic who has just come to Oakland from the East. The marvellous manifestations of her wonderful powers are as far superior to the ordinary palmist and fortune teller as the perfected automobile is to the wheelbarrow.

Those who come to scoff may not remain to pray but they go away with a puzzled look on their faces, wondering mightily. Perhaps you laugh at first, when you see rather peculiar methods used by the madame in telling a fortune, but, when she commences to talk and piles up fact after fact, which you know to be true, even to the smallest detail, your laugh dies away, and you gaze in amazement akin to awe at the mysterious woman before you, as though she were some uncanny being fresh from another world. You sit chained to the chair with fascination while your past and future are laid bare before you. After answering the final question you are perplexed and abstractedly draw forth your purse, throwing an inquiring glance at Mme. Ruff. She smiles and asks if you are satisfied, saying that she never accepts payment until assured that a person is perfectly satisfied and that they believe they have received a fair return for their money.

Most assuredly, the madam differs from other clairvoyants. You laugh, still rather confusedly, and like every one else, declare that you are glad to pay the small compensation asked. Many affirm no money value can be fixed upon the good which they have received.

The madam tells fortunes by clairvoyance. She is absolutely reliable, and realizing that merit brings reward when the reading is over with, you do not have to pay unless you feel satisfied with what you have been told.

Those who have been humbugged by the hundreds of fake fortune tellers now on the road will do well to consult Mme. Ruff. She gives advice on business, speculation and courtship. She settles lovers' quarrels, reunites the separated, causes speedy and happy marriages.

Clairvoyance is a branch of mesmerism, though it is more far-reaching in its effects. In clairvoyance it is the mind reader and not the subject who is affected by the mysterious influence. Mesmerism does not lift the veil of the future, whereas clairvoyance goes beyond the surface of the present and delves into the hidden depths of the "great beyond." Clairvoyance, in short, is a polished and advanced form of mesmerism, which has long been given world-wide recognition.

Mme. Ruff is both a clairvoyant and psychologist. She possesses, beside, remarkable spiritual powers and employs all three gifts in arriving at the truth of matter presented to her for elucidation.

Mme. Ruff has been studying every phase of this problem since her arrival and feels confident that she will be able to locate the papers. This would, indeed, be a manifestation of occult power which even the most skeptical critic could not sneeze at. There have been many manifestations of mental telepathy in connection with hidden articles, but the recovery of lost papers is an achievement vouchsafed to a few men. If Mme. Ruff crowns Oakland her career with the recovery of the missing documents she will command more respect for clairvoyance and psychology than those mysterious sciences have hitherto enjoyed, though they have not lacked for devotees.

Therefore, it must be said that Mme. Ruff is of the very highest class of clairvoyants. Her belief is that the material heavens have a moral influence over the earth and its inhabitants. There are some wiseacres who scoff at this idea, not knowing, perhaps, that the first study of the heavens embraced and dominated over every other attempt at science. Astrology was the beginning of science, the first encyclopedia of the world. In the ancient ages physicians consulted the stars before they applied potions and nostrums. The cosmogonists explained the earth by the influence of the heavens. The zodiac was the first book that lay open for all the world to read.

As for clairvoyance it has both supporters and enemies. The theory of clairvoyance, however, is inseparable from a science that has so firmly impressed itself upon the public mind as to leave no doubt of its truthfulness. Reference is made to mesmerism, or hypnotic influence, which of late years has been demonstrated to be as virile an occult force as one could well imagine.

Mme. Regina Ruff is permanently located and can be consulted daily at her private office 525 Thirteenth street, Eva Building, rooms 8-9; hours from 9:30 a. m to 8 p. m. Sundays from 10 a. m to 4 p. m. Fee within the reach of all.

INSANE ROBBER CONFESSES

Man Captured in San Jose Says He Aided Weber.

SAN JOSE, March 15.—The robber taken into custody by Officer Black Monday night for robbing Chu Sing, a Chinese, near the broad-gauge depot, readily admits his complicity in all sorts of crimes, including even the notorious Auburn tragedy, the murder of the Weber family. When charged directly with the crimes he denies any connection with them, but when questioned about details he asserts entirely or else makes some trifling modification. His manner of yielding ready acquiescence in any suggestion of guilt, especially in connection with crimes he is known not to have any possible connection with, proves to the satisfaction of the police that he is mentally deranged now. They believe that he is the one who was guilty of the numerous hold-ups of Japanese and Chinese lately, and he acknowledges that he held up a Japanese a week ago.

The prisoner gives his name as Ralph Frazer and claims to be a son of Dr. W. W. Frazer, formerly a medical practitioner in this city, who is now, he says, in Susanville, Lassen county. He admitted that he was at Glen Ellen Home for the Feebie Minded for a couple of years, about five years ago leaving there and going to Agnew's State Hospital. He says that at Glen Ellen he was treated shamefully and cruelly, being among other things severely kicked by the attendants, who were not restrained by the Superintendent, Dr. Lawler. This, it is understood, was the reason for Dr. Lawler, being attacked in the board meeting by another Trustee, who pulled a gun on the doctor, but was disarmed by Frank Norris, the noted author. Dr. Lawler was subsequently removed from the position.

Frazer was after a couple of years in Glen Ellen placed in Agnew's State Hospital for the Insane, where he stayed about a year and a half. He has been in San Jose off and on since then, this last time having been here about six weeks.

BURGLAR CAUGHT WITH GOODS

WAS LAST SENTENCED TO PRISON FROM ALAMEDA COUNTY.

SAN FRANCISCO, March 15.—Frank Williams, alias Frank Wingard, purchased a through ticket to San Quentin yesterday, with no stopover or return coupon.

Wingard is a "jimmy" worker, and he has been busy of late. Yesterday he paid a visit to the Cosmopolitan Hotel, at Fifth and Mission street, about 3 o'clock. He had no difficulty in passing the clerk and gaining the second floor. There he knocked at the door of room 35, occupied by Mr. and Mrs. Jacob Lukov and their children. Finding nobody at home, he coolly "jimmied" the door. In fifteen minutes he had packed all the valuables in the place into a grip and departed. His haul amounted to about $500 worth of jewelry and trinkets.

Grip in one hand and gilt clock in the other, Wingard made his way to the other side of Market street. At Eddy and Powell streets, ten minutes after the crime had been completed, Detectives Dinan and Wren spied him. Dinnan tapped him on the shoulder and invited him into a convenient doorway, where the detectives questioned him about his "load." Wingard owned up in a moment and the trio adjourned to the Hall of Justice, where his possessions were inspected.

When the thief was searched a big bunch of skeleton keys was found. His "jimmy," secured with a safety-pin to his vest beneath the right arm-hole, would have escaped the ordinary search of the police. All the stolen property was identified by Mrs. Lukov.

Wingard is scarcely forty years of age but he has put in more than twelve of them behind the bars. He was first arrested in 1877 for robbery. He "beat" this case by a narrow margin and gained his liberty. On May 5, 1880, he was tried for burglary and dismissed. His first conviction came on November 28, 1881, when he was sentenced to two years in the House of Correction for burglary. He was pardoned by Governor Perkins on August 17, 1882. For five years he disappeared. On May 9, 1888, he began a term of five years at San Quentin on conviction of burglary in the second degree.

His last sentence was from Alameda county on April 4, 1893, when he was convicted of burglary in the first degree and given ten years. Of this he served nine years, being released in 1902. During the last three years he has managed to escape detection and the police believe he has been operating in San Francisco only a short time. He has confessed to Captain Burnett that he has been implicated in more tha none of the "jimmy" jobs recently reported, but no evidence was found when his room was searched.

FACTS OF SEIZURE ARE NOT KNOWN

TOKIO, March 15.—Details of the seizure of the Tacoma have not yet become known, nor is anything known of the adventures of the vessel since she was first reported to have been caught in the ice north of the island of Hokkaido.

It is presumed that the ice either melted or broke, freeing the Tacoma, which was immediately seized by the guard ships.

OVERDUE SHIP HEARD FROM.

SAN FRANCISCO, March 15.—A London dispatch to the Merchants' Exchange says the French bark Francois, listed as overdue, on which a rate of 80 per cent reinsurance was charged, passed Fayal on March 13 and reported that all was well.

ENDS MARTIAL LAW

RIO JANEIRO, March 15.—A decree has been issued terminating the state of martial law which was proclaimed in Rio Janeiro and its neighborhood November 16, as a result of the insurrectionary movement.

Annual Entertainment of Immaculate Conception Church.

Tomorrow evening, the eve of St. Patrick's Day, the annual parochial entertainment of the Immaculate Conception Church, will be given at the Macdonough Theater. The feature of the evening will be an oration by the Rev. Phillip O'Ryan, S. T. L. of San Francisco. Father O'Ryan is well known as the director of the League of the Cross Cadets of San Francisco, as also the president of the Catholic Truth Society. Father O'Ryan is a very popular speaker and although he has often delighted large audiences in San Francisco this is his first appearance on this side of the bay. Preliminary to the oration, an excellent program has been prepared. The famous Elks' Quartette of San Francisco have volunteered their services and Mr. James C. O'Donnell of the Elks will give some of his well known humorous songs. The following is the complete program: Opening, "Irish Airs," by St. Mary's College orchestra; Gaelic dances by Messrs. J. J. O'Connor and P. Lynch; soprano solo, "Meeting of the Waters," by Miss Lydia Covalli; "Kerry dances" and "Aileen Aroon," by the Elks quartette, Messrs. W. M. Ogelvie, J. H. O'Brien, J. C. O'Donnell and R. B. Kay; class recitation, by pupils of the Immaculate Conception Academy; humorous songs, by Mr. J. C. O'Donnell; Mr. G. Poultney, a student of St. Mary's College will sing Eileen Alanna and the Gaelic choral club will sing Irish songs in the Gaelic tongue. After some selections by the St. Mary's College orchestra, Father O'Ryan will deliver the oration. Admission to the exercises has been fixed at 50 cents. For those who desire reserved seats a section of the theater has been reserved and tickets for these seats may be secured at Mr. P. F. Flynn's dry goods store or at Smith Bros.' stationery on Thirteenth street. The committee in charge of the entertainment are as follows: Chairman, Mr. J. J. McDonold; members—Messrs. J. J. Kennedy, W. H. Welland, T. P. Hogan, D. T. Reynolds, W. J. Dunn, J. P. Wohlfrom, J. J. McElroy, J. P. Martin and W. B. White.

WOMEN FAIL TO APPEAR

CHARGED WITH BEING IN HABIT OF FREQUENTING POOL-ROOM.

SAN FRANCISCO, March 15.—Police Judge Conlan had sent out invitations for a select social function to take place yesterday morning, but the ladies, with one exception, sent regrets. Judge Conlan was to have been assisted in receiving by Mrs. W. P. Foster, Mrs. F. J. Whitaker, Ellen Murray, Jane Brown, Helen Grant, Pearl White, Mrs. J. Murray, Alice Carr, Elsie Deal and Mrs. Mary Berlin. These ladies had been invited to appear in Judge Conlan's court to explain their presence in a poolroom on Geary street the other day. None of them accepted the invitation with the exception of Mrs. Berlin.

When Judge Conlan saw that his party was spoiled he frowned and thundered:

"All defendants must appear in court. No distinction of persons. Issue bench warrants and bring them all into court tomorrow."

The difference between a chafing-dish party and a reception by Judge Conlan is that when the first is over they send for the doctor and at the close of the second they call the police.

Six of the women for whom the warrants were issued were arrested and released on bail. All had bail money ready and some of them came to the Hall of Justice and surrendered themselves as soon as they heard of the issuance of the warrants. The names of the women arrested are Helen Grant, Mrs. J. Murray, Mrs. F. J. Whitaker, Mrs. W. P. Foster, Pearl White and Ellen Murray.

APPRECIATION OF RED CROSS SOCIETY

The officers and members of the Oakland Red Cross Society desire to publicly express their appreciation of the loyalty, activity and enthusiasm of their late member, as among the foremost of the organizers and constant workers of the society during the great emergency period of the recent Spanish war and Philippine insurrection.

Although Mrs. Friend's services are given at length, with her portrait, in the recently issued book, "The Record of Red Cross Work on the Pacific Slope," yet the members of the Oakland society especially desire to tender this parting tribute, because of Mrs. Friend's constant devotion to the work, through great stress of intense suffering from chronic illness. Mrs. Friend was ever ready to "lend a hand" and do what she could in behalf of the great cause.

MRS. J. G. LEMMON,
Corresponding Secretary.

MOSCOW, Tuesday, March 14.—A violent explosion occurred in Theater Square last night. Several persons, one of whom was injured by the explosion, were arrested.

SUPERIOR MERIT

Remarkable Curative Properties of a Remedy for Indigestion and Stomach Weakness.

Stuart's Dyspepsia Tablets, a preparation for the cure of dyspepsia and the various forms of indigestion and stomach trouble, owes its great success as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs only and is not recommended or advised for any other disease.

It is not a cure-all, but for any stomach trouble it is undoubtedly the safest, most sensible remedy that can be advised with the prospect of a permanent cure. It is prepared in tablet form, pleasant to taste, composed of vegetable and fruit essences, pure pepsin and Golden Seal, every one of which act effectively in digesting the food eaten, thereby resting an dinvigorating the weak stomach; rest is nature's cure for any disease, but you cannot rest the stomach unless you put into it something that will do its work or assist in the digestion of food.

That is exactly what Stuart's Dyspepsia Tablets do. One grain of the digestive principle contained in them will digest 3,000 grains of meat, eggs or similar wholesome foods. They will digest the food whether the stomach is in working order or not, thereby nourishing the body and resting the stomach at the same time, and rest and nourishment is nature's cure for any weakness.

In persons run down in flesh and appetite these tablets build up the strength and increase flesh, because they digest flesh-forming food which the weak stomach cannot do; they increase the flow of gastric juice and prevent fermentation, acidity and sour, watery risings.

Stuart's Dyspepsia Tablets can be found at all drug stores at 50 cents per package.

Hood's Sarsaparilla

Has won success far beyond the effect of advertising only.

ENJOYABLE LUNCHEON.

Mrs. F. M. Smith was hostess recently at an elaborate luncheon planned for the trustees of the Mary R. Smith cottages. Twenty-four guests assembled in the large dining-room at Arbor Villa.

Those present were: Mrs. Charles R. Brown, Mrs. James K. McLean, Mrs. T. L. Parker, Mrs. R. H. Chamberlain, Mrs. Giles Gray, Mrs. Edward M. Walsh, Mrs. J. M. Brock, Mrs. Bernard Miller, Miss Ethel Moore, Miss Evelyn Ellis, Mrs. George B. M. Gray, Miss Emma Wellman, Mrs. O. A. Chase, Mrs. T. C. Coogan, Mrs. Henry Wetherbee, Mrs. Franklin Bangs, Mrs. James Johnson, Miss Carolyn Van Dyke, Dr. Sara Shuey, Mrs. George Shuey, Miss Florence Goodhue, Mrs. E. Erauw, Mrs. John Yule, Miss Marion Smith, Miss Grace Sperry and Dr. Annette Buckel.

ELABORATE LUNCHEON.

Mr. and Mrs. J. Walter Scott entertained a party of friends Monday at a luncheon across the bay, planned in honor of the Prince and Princess of Tahiti, who are visiting here. The guests at the enjoyable affair included, besides the guests of honor, Mr. and Mrs. Atwater, Mr. and Mrs. W. A. Schrock, Mr. and Mrs. M. J. Lavmance, Mr. and Mrs. B. S. Hubbard, Senator Lukens and J. Cal Ewing.

HONORED GUESTS.

Mr. and Mrs. John J. Valentine entertained half a dozen guests last evening at dinner in honor of Miss Marion Smith and her fiance, Roland G. Oliver. The guests included Miss Smith, Miss Marion Goodfellow, Roland Oliver and Stanley Moore.

After the dinner Mr. and Mrs. Walter Starr entertained at a card party for the same guests of honor.

Mr. and Mrs. Starr's guests included Mr. and Mrs. F. M. Smith, Mr. and Mrs. Asa L. White, Mr. and Mrs. A. A. Moore, Mr. and Mrs. William S. Goodfellow, Mr. and Mrs. Daniel Belden, Mr. and Mrs. Wigginton Creed, Miss Marion Goodfellow, Miss Florence White, Mr. and Mrs. A. A. Moore, Mr. and Mrs. J. J. Valentine Jr., Miss Ethel Moore, Messrs. Stanley Moore, Arthur Goodfellow and Hugh Goodfellow.

THEATER PARTY.

Mr. and Mrs. Richard Walton Tully entertained a group of friends Monday evening in their box at Ye Liberty Theater at the first presentation of Mr. Tully's new play, "Juanita of San Juan."

Preceding the play Mr. and Mrs. Tully gave a dinner at the Hotel Metropole. Among those bidden to the affair were Mme. Evstaphieve, Miss Adeline Knapp, Miss Gertrude Gates and Charles H. Lombard.

INFORMAL TEA.

Miss Florinne Brown was hostess today at a delightful informal 4 o'clock tea, planned in honor of Miss Marion Smith, whose engagement to Roland Letts Oliver was announced recently. The pretty home on Jackson street had been decorated with fruit blossoms and rose shaded candelabra and open fire-places gave a glow of warmth to the attractive scene. The cozy tea tables in the dining-room had been decorated with bunches of daffodils and other spring blossoms.

Those who assisted Miss Brown in receiving her guests included Mrs. Roland G. Brown, Mrs. William Letts Oliver, Mrs. F. M. Smith, Mrs. Lillian Brown Everts, Mrs. John J. Valentine, Mrs. Kenneth Lowden, Mrs. Dan Belden, Miss Anita Oliver, Miss Rose Kales, Miss Ruth Kales, Miss Lucretia Burnham, Miss Noelle De Golia, Miss Jessie Fox, Mrs. M. W. Kales.

OAKLAND CLUB.

Seldom have the clever members of Oakland Club prepared such a feast of wit and humor as that served at the St. Patrick's Day luncheon today. The tables, laden with the substantials of the feast, were gaily decorated with the green of the season and the place cards were dainty shamrocks, in keeping with the celebration.

Mrs. Sara Reamer was toastmistress, and presided in her own capable way over the fun of the hour. The musical program was one long to be remembered, since the song recital was contributed by the gifted singer, Mary Alverta Morse.

Mrs. W. A. Schrock was chairman of the committee in charge and was assisted by Mrs. A. W. Palmer, Mrs. W. S. Palmer, Mrs. W. S. Peters, Mrs. W. H. Pettis, Mrs. A. J. Pillsbury, Mrs. C. A. Place, Mrs. A. J. Patterson, Mrs. G. Rau, Mrs. S. E. Reamer, Mrs. L. T. Roberts, Mrs. W. F. Rudolph, Mrs. J. C. Rued, Mrs. Nora Ryle, Mrs. J. S. Sanborn, Mrs. Joseph Sanders, Miss Augusta Sauvain, Mrs. E. S. Shanklin, Miss Theresa Russeau, Mrs. John Ronald, Mrs. J. W. Scott, Mrs. G. A. Scott, Mrs. M. Schuneman, Mrs. W. F. Schwaner, Mrs. D. V. Scott, Miss M. E. Sherman, Mrs. H. H. Shinn, Dr. Sarah L. Shuey, Mrs. G. F. Shuey, Mrs. George C. Pardee, Miss Etta Penniman, Mrs. H. W. Phelps.

MONDAY CLUB.

Mrs. Egbert Stone entertained the members of the Monday Bridge Club this week at her home on Jackson street. After a pleasant hour spent over the cards the prizes were carried off by Mrs. George King and Mrs. James R. Burnham.

ANNOUNCE ENGAGEMENT.

Mr. and Mrs. D. Sternseher of 2119 Railroad avenue, Alameda, announce the engagement of their son, Maurice, to Miss Lillian Lubin of San Francisco. A reception will be held in their honor March 19, at 3 p. m.

PERSONALS.

Mrs. C. O. G. Miller will entertain a number of friends at a card party to be given on Wednesday of next week at her attractive home across the bay.

Miss Elsa Draper left last evening for a three weeks' visit to Southern Oregon, where the Draper ranch is situated. Among the group who accompanied Miss Draper to the station was Miss Gertrude Russell.

The members of the Mills Club enjoyed a delightful musicale yesterday at the Sorosis Club. Mrs. C. J. Wetmore had charge of the program and Mrs. J. M. Litchfield presided as hostess.

Mrs. Irving Ayres will entertain the members of the Thursday Waist Club tomorrow afternoon.

Miss Charlotte Elsey is still in the South and will remain at Fresno for a month as the guest of her sister before her return.

Mr. and Mrs. Guy William Waterbury (nee Prather) are here on a brief visit.

Mr. and Mrs. Clifton Kroll (nee Farnham) have returned from a delightful honeymoon spent at El Carmelo and are settled in their Linda Vista home.

Miss Helen Chase has returned after a pleasant stay as the guest of Miss Mabel Higgins of Pasadena.

Mr. and Mrs. George Hopkins of North Adams, Mass., are enjoying a stay in this city.

INSPECTION OF COMPANY F.

ALL MEMBERS PRESENT AND AN EXCELLENT SHOWING IS THE RESULT.

The annual inspection and muster of Company F, Fifth Infantry, N. G. C., this year was the most successful affair of the kind which has ever taken place in the history of the company.

It was conducted under the direction of Colonel Wilhelm of Governor Pardee's staff. He was assisted by Major D. A. Smith, Fifth Infantry, N. G. C.

Every member of the organization reported for muster, thus crediting the organization with an attendance of one hundred per cent.

The members of this company as at present constituted are as follows:

Captain, G. H. Wethern; First Lieutenant, C. C. Covell; Second Sergeant, G. C. Hanson.

Sergeants—C. A. Sullivan, L. R. Keller, E. O. Williams, H. P. Mau, A. J. Coelho.

Corporals—W. J. Kuykendall, N. J. Everett, W. Morgenler, L. F. Moreno, H. Ruedy Jr., R. S Wilkinson.

Musician—F. J. Pulis.

Artificer—F. Marshall.

Privates—J. Anderson, L. F. Baumgarten, H. Bertz, C. A. Bunch, G. A. Busse, C. Irving, G. B. Cropsey, L. J. Davis, L. C. Drateau, C. P. Ellagard, T. F. Evans, R. E. Fields, G. A. Fischer, C. R. CHANGES AMONG FUNERAL DIRECTORS

Several important changes in local funeral directing took place today, when the resingnation of Henry Quellen as Deputy Coroner went into effect. Quellen left the employ of Albert Brown to take charge of the establishment of James McManus.

The position of Deputy Coroner so long held by Quellen will be held by B. Van Vranken, formerly with the late Henry Evers. Van Vranken took formal charge of the office today.

Quellen takes the position with McManus formerly held by Robert T. Schuler, who has purchased the business of the late Henry Evers.

BRITISH SHIP IS ON THE ROCKS

QUEENSTOWN, March 15.—The British ship Wray Castle, from Portland, Oregon, which arrived at Queenstown yesterday, has been driven ashore and several others have dragged their anchors owing to the severity of the gale off this coast. The Wray Castle lies on the eastern bank in Whitegate roads. Seas are breaking over her, but possibly she may be towed off after being lightered.

CRUISERS AT SINGAPORE.

LONDON, March 15.—A dispatch to the Star from Singapore says that four Japanese cruisers arrived today from the eastward.

BAKER'S PLAN BENEFIT

COOKS AND WAITERS' APPROVE OF AMENDMENTS TO CONSTITUTION.

Arrangements are nearly complete for a vaudeville entertainment which is to be given for the benefit of the Bakers' Union. The show will take place at the Dewey Theater on either the first or eighth of April. Several of the members of the San Francisco Theatrical Union have agreed to assist with their talent.

Among the features of the program will be songs by the Imperial Quartet, composed of Bert Bageley, William Bark, Robert Trenier, and Ralph McChesky; a Scotch dance by Alec Ross, who is to accompany himself on the bag-pipes; a bass solo by Joe Sweeny, now at the Novelty; M. Gilder and Mike Sweeny in an acrobatic song and dance; a solo by Miss O'Brien of Oakland; and a solo by Robert Trenier, a clever false soprano.

The performance will wind up with a farce entitled, "The Dutch Justice," with the following cast of characters: Mike Sweeny as the Dutch Justice; M. Gilder as the Irish policeman; Joe Sweeny as Lawyer Baum and Gus Seaford as the prosecuting attorney.

It is the intention to give only one performance, Saturday evening. It is possible, however, that the performers may be persuaded to repeat the entertainment for some of the other unions.

Following are the members on the arrangements committee: M. Gilder, chairman; Mike Sweeny, Bert Bageley, and Alec Ross.

COOKS AND WAITERS.

Almost unanimously the members of the Cooks' and Waiters' Alliance, No. 31, approved of the proposed amendments to the Central Council's constitution when the question was put to the vote last night.

One visitor was present, O. W. Odell of Boston, who is the organizer for the International Boot and Shoe Workers' Union. He made an eloquent plea for union label goods, and asked the union men to withdraw their patronage from a certain Chicago shoe house which he stigmatized as unfair.

At the meeting on April 4th the question of sending a delegation to the coming convention of the International Unions of the Bartenders and Hotel employes will be voted on. The convocation will be opened at Kansas City, Missouri, May 8th.

There was one initiation at the meeting last night. Two applications were received.

TEAMSTERS MEET.

Local 70 of the Brotherhood of Teamsters held a meeting last night. Frank Higuera, the business agent, was appointed a committee of one to begin preparations for an excursion in April or May. Nothing has been decided yet except that it is to be open to the public and will probably include a long ride on the railroad.

At 9:30 O. W. Odell of the International Shoe Workers paid the union a visit. He repeated the address he had previously made at the Cooks' and Wafters' meeting.

SPORTS

OFFER MADE TO STANFORD.

Is Crew Afraid to Row?

Coach Garnett, who coached the Harvard boating squad and who has been secured to instruct the University of California boating crew, announced today that he would go to Stanford University and attempt to smooth over the troubled waters now disturbing the surface of boating society.

ESTABLISHED EVENT.

"I will seek to have boat races between the two universities an established event and the races should be held on the Oakland estuary.

"How can we secure the real college spirit by holding the races miles away?

AFRAID TO RACE.

"It seems to me that Stanford is afraid to meet California's crew this year.

"I have received a letter from one high in Stanford boating circles and he claims that 'it is not fair to hold the inter-collegiate contests on the Oakland estuary because of different conditions which the Stanford crews have to contend with.'

"He asserts that Stanford trains on a smooth lake-like course and then have to row on 'troubled waters.'

OFFERED TO STANFORD.

"I will make this offer to Stanford:

"If you will row on the Oakland estuary, you can take any side of the stream and your crew can come up here and practice on our waters for three days, we paying the expenses.

"I will be accompanied by representatives of California on the trip to Stanford and arriving there we will debate the matter carefully with the Cardinal people and I believe that the races will be held on the estuary."

CALIFORNIA ANGRY AT STANFORD'S ACTION.

BERKELEY, March 15.—The bitter feeling at the University of California against Stanford's action in the inter-collegiate boating contest is shown by the following editorial today in the Daily Californian, the student paper:

"If Stanford persistently refuses to hold the intercollegiate regatta on the estuary the wisest step for California to take is to arrange with Washington for Varsity and class races, and allow Stanford to come in or stay out as she sees fit.

NO VALID REASON.

"There is no valid reason why the regatta should not take place on the bay Where the course is straightaway, with no rocks or reefs, no currents, and no complications of any kind, very little advantage results to the home team because it 'knows the course.' Stanford's crew has been told that our men will train in an entirely different part of the estuary, and not go over the course until the Cardinal crew appears on the scene and is able to do the same.

"If the races are rowed on the estuary, within comparatively easy reach of both Berkeley and Palo Alto, they will be college races. If the crews go to Stockton to row, the event will assume the dignity of a professional contest taking place before an audience of strangers, interested in winning their bets, but with no further loyalty to either side.

TO GET SUPPORT.

"The practical question which now confronts intercollegiate rowing is to create enthusiasm and secure support. That purpose must be kept in mind constantly. Remove the races to so distant a place as Stockton and even the little interest that now exists in the sport will inevitably fade. Rather than permit this to happen California should emphatically notify Stanford's representatives that an intercollegiate regatta is going to be held on the Oakland estuary this season, with or without the Cardinal shell. And then, if Stanford asks to be allowed to enter and Washington consents, let her do so—with an unequivocal agreement that the regatta is to be held on the estuary."

W. Davis and Knapp Are Best.

Honors Divided.

The stewards suspended Johnny Sullivan, the steeplechase rider, for sixty days yesterday. He was charged with enticing his brother apprentice Frank Sullivan from his employers, Bianchi & McGovern, and encouraging him to go to Los Angeles.

W. Davis and "Big Bill" Knapp divided the saddle honors, each piloting two winners.

YESTERDAY'S RESULTS.

First race, 5 furlongs—Ebel Thatcher 7-5 won; Iron Watson 2, second; Carrick 16 third. The other starters were Novi, Missberg, Bakersfield, James L. M., Santee, Iodore; time 1:05.

Second race, futurity course—Revolt 13 1-5 won; Albermarle 76 1-5 second; Sol Lichtenstein 1-2 third. The other starters were Greenock, Olympia, Caroburn, Silicate, Edinborough, Sweet Tooth. Time 1:13½.

Third race, six furlongs—Bob Eagon, 13 1-5 won; Gallant Cassie, 17 1-10 second; Baker 6, third. The other starters were Gloomy Gus, Grenore, Fay Templeton, Golden Buck. Time 1:17.

Fourth race, one mile—Andrew Mack, 8 1-5 won; Hainault, 14 1-5 second; Red Cross Nurse, 9 1-2 third. The other starters were Del Carina, Matt Hogan, Mogregor. Time 1:43½.

Fifth race, one mile and a furlong—Dusty Miller, 4 won; Modicum 9 1-5, second; Mr. Dingle 9 1-2 third. The other starters were Silurian, Mordente, Outburst, Langford James. Time 1:59.

Sixth race, 7 furlongs—Letala 13 1-20 won; Gateway 10, second; Princess Titania, 9 third. The other starters were Salable, Mombadier. Time 1:39.

Silver Cup For Ball Team.

Given By A. A. L.

The Academic Athletic League of California has accepted a design for a handsome cup to be awarded to the school winning the academic baseball championship for three successive years. The ordering of the trophy was placed in the hands of H. Mikels of the Oakland High School, and he gave the order yesterday afternoon. This is a good inducement to rivalry in this branch of athletics, and is a good step in promoting the sport.

Rufe Turner Easily the Best.

Beats Kid Williams.

Rufe Turner, the California negro, put it all over Kid Williams of Philadelphia in the star bout of the Washington Sporting Club's card the other night. Williams was never in it from the start, and only lasted the six rounds by continually covering up and clinching.

This made the fight quite uninteresting and brought hisses from the crowd for Williams. Whenever Williams showed any disposition to fight Turner landed right and left swings all over him.

In the last round he staggered the Kid with a right wallop on the ear. Turner showed that he is a clever boxer as well as a puncher, and easily kept away from the left jabs that Williams occasionally aimed at him. It was easily Turner's fight all the way.

GARBAGE TROUBLE IS ABOUT OVER

There has been a slight relief in the matter of the removal of garbage, and the Health Office is breating easily once more, for during the past six days there have been no complaints received by this department. A short time ago the Oakland courts issued an injunction forbidding any but the employes of the Pacific Incinerating Company collecting garbage.

Some time ago Mayor Olney gave the incinerating company permission to collect garbage in bulk instead of using the can system, and since that time conditions have been improving. Over four thousand garbage cans were distributed throughout the city and it is expected that a resumption of the can system will take place in the near future.

Health Officer Von Adelung this afternoon said: "Complaints have entirely ceased, and there is no reason why there should be further trouble, as the incinerating company is abundantly able to handle the city's garbage now that the accumulation has been disposed of. I do not anticipate further trouble."

Mrs. Elizabeth Williams has petitioned to be granted a family allowance of $50 a month out of the estate of her late husband, Aaron Williams. The request was granted by Judge S. P. Hall.

If you want to see the real thing in frenzied finance watch a crowd of women at a bargain sale.

FAREWELL APPEARANCE OF AH WING, FIGHTER

Chinese Champion Boxes Across the Bay.

HIS LAST GO.

For the last time for some months, Ah Wing, champion Chinese pugilist of the world, will appear in San Francisco this evening in a four-round bout against Mike Kutchos, the meeting to be under the auspices of the San Francisco Club, Alex Greggains manager, in Woodward's Pavilion.

Win or lose, Ah Wing will leave in a few days for a tour of the East, where he will offer to face any man in the business—white, black, brown or yellow—under 118 pounds.

HIS FIRST TRIP.

This will be the Chinese champion's first trip East, as he came forth as a fighter in Auburn, Cal., and has done most of his milling in the mining districts and about Sacramento.

Although he has participated in about one hundred battles, he has never been knocked out, although decisions have been given against him.

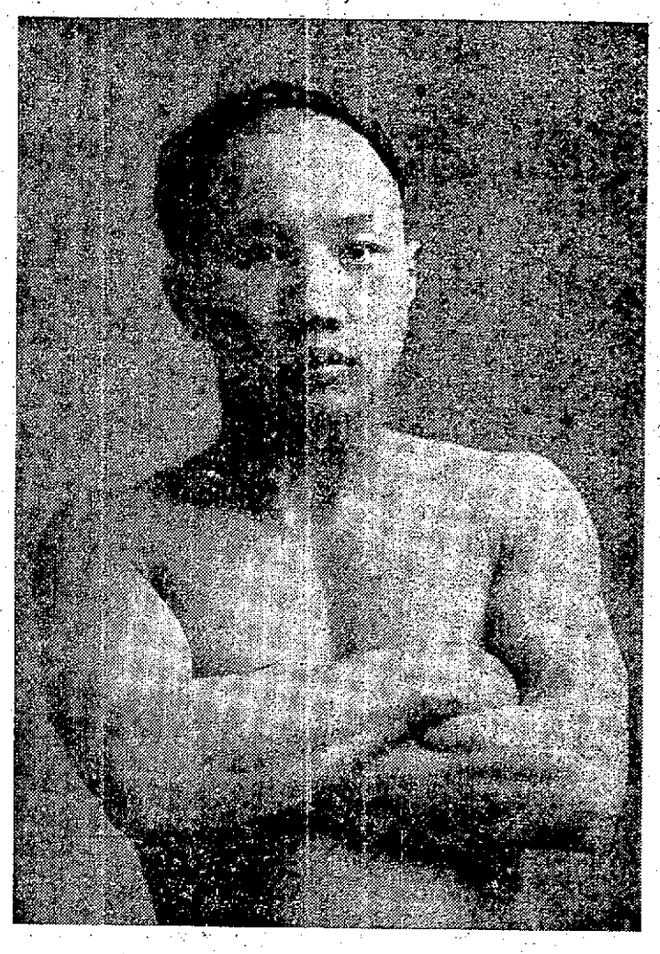
MAIN EVENT.

The main event to Alex Greggains' show will be provided by Sam Berger and Bill Rickards.

In his last two fights Berger has done remarkably well. It is no small job to knock a man out in the short space of four rounds, but Berger has turned the trick twice with husky opponents, Casey and Long. He has demonstrated that he is the possessor of a punch, as well as a stock of cleverness remarkable for a fighter of his bulk. Rickards, however, is an unknown quantity, and the "dope" on the fight is nil as a consequence.

PICK RICKARDS.

The few who have watched the big man from the Windy City in his training bouts predict that he will dispose of Berger in as short a space of time as Berger took to down his two previous antagonists. That sort of figuring is merely conjecture, and until the men fly at each other tonight there will be no way of getting anything more accurate.



AH WING, Champion Chinese Pugilist, who is about to go East to challenge all-comers.

GOOD CARD.

The rest of the card which Alex Greggains has arranged for the delectation of the fight fans is of a high order. George Ellis and Mike Synfy will provide the main preliminary entertainment, and they can be counted upon to make things interesting. "Deafie" Kelly, a deaf mute from Butte, has a contract with George Murray which should prove exciting in the fulfilment. The other bouts are of the same class.

ATHLETE EXPELLED FOR FRAUD

"For confessed fraud committed at the time of his entrance to the University in August, 1904, Herbert Frederick Freuler, a member of the freshman class, has been expelled from the University of California and his record canceled." This is the formal public announcement made by Recorder James Sutton of action taken by the faculty of the College of Mechanics of the University of California on the recommendation of the academic council.

PROMINENT ATHLETE.

This sensational bulletin, which blasts the college career of a prominent and popular student and athlete, follows a strict investigation which has been made during the last few weeks into the manner in which the young freshman gained admission into the University. It seems that Freuler, after being graduated from the Berkeley High School last May, sought from Principal Morris C. James his recommendation to the University. He was given accrediting in all the subjects which he needed, with the exception of courses in chemistry and physics, without which he could not receive matriculation into the College of Mechanics. Despairing of making up his deficiencies, he resorted to the bold expedient of making out bogus recommendations in the subjects needed, clinching their validity by forging the signature of Principal James.

FRAUD CONCEALED.

The trick remained undiscovered for months, and the young man supposed himself safe from discovery now that he had almost completed his first year's work in college. But the discrepancy between his work and his alleged preparation was noted, and communication with the authorities at the High School soon unearthed the real facts in the fraud. When confronted with the evidence the young man had nothing to do but confess his fault, and swift academic punishment has followed.

SPORTS HIS AMBITION.

The young man's ambition to enter college was fanned by his desire to shine on the athletic field. As a senior in the High School he pitched for the school nine, and was accounted a player of great promise. He made such a good showing when entering the baseball squad of his freshman class that he was given the position of pitcher, and during the last few weeks he has shown such promise that he has been given a chance in the box with the varsity, pitching very creditably against veterans and professionals.

Chesbro Has Fade Away Ball.

Pitcher Invention.

BOSTON, March 15.—Not satisfied with his "spit" ball, which gained him fame last season, Jack Chesbro has a new variety of the same puzzler that he calls the "fade away." Talking to Tom McCarthy to-day, Chesbro said:

"I've got a new variety of the 'spit' ball which I will call the 'fade away,' and a few more I have not yet named. Tell you what, Tommy, you come out to Harvard when I am coaching and I'll make you throw up both hands. I'll not tell you just what the 'fade away' is, for I am going to keep this new one secret, but it is a paralyzer. It will make Ames' 'stop' ball look like stage money."

In discussing the "spit" ball, Chesbro said: "The only way to break it up was to put the pitcher either nearer the batsman or farther away. To abolish the foul strike would not help matters in the least."

By this it would seem that Chesbro considers the present pitching distance just right to get the greatest effectiveness from that terror to the batsmen.

Basket Ball Teams Will Meet.

Cadets Versus L. H. S.

A game of basket-ball will be played tomorrow evening at Fifteenth and Jefferson streets between the Cadet Corps team and the Lowell High School team. The Cadet team has won every game this season but one, so they no doubt will give Lowell a hard rub.

Try-Outs at the Reliance Boxers.

First Show March 22

Preliminary try-outs for the boxing tournament to be held on March 22 were held last evening at the club's rooms, under the direction of Ed Smith, boxing instructor.

Instructor Smith had a lively time with the various candidates for pugilistic honors and has a large bunch of youngsters to pick from. Further try-outs will be held next Thursday evening, when the selections of the knights of the glove will be made.

Tacoma's New Pitchers Easy.

Nationals Win Game.

FRESNO, March 15.—In a listless game, devoid of features, the Chicago National Club defeated Tacoma here yesterday by a score of 6 to 2. Mike Fisher had three pitchers in the box, two of them being youngster experiments that he has taken on.

One was Hastings, who pitched a few games for Portland at the beginning of the season last year, and the other Brown, who was on Mike's Sacramento staff for a short time a few years ago.

Neither man was effective. Between them the two men allowed fifteen hits. Thomas went in for three innings, but did very poor work. The rest of Mike's men stood up very well. Sheehan batted in good form and did some star fielding. Pfeffer, Chicago's twirler, pitcher a good game, which lasted over two hours.

H. Chase May Be Cause of War.

Morley Wants Him.

MONTGOMERY, Ala., March 15.—Manager Griffith of the Highlanders has received a telegram from Hal. Chase of Los Angeles, to the effect that President James Morley of that club assures him that he (Chase) may play with the Los Angeles team this season. Chase says he intends to do this, if possible.

The California player was drafted by Griffith, and Morley's action in holding him is a violation of the national agreement. Griffith is incensed at this action, which is believed to be the move in the player grabbing war of the smaller leagues against the two big organizations. Prompt action was taken by Ban Johnson in the matter. Griffith received a telegram from Johnson's secretary, which read: "Matter has been put before commission. Will advise you."

SPORTING NOTES

BERKELEY, March 15.—The executive committee of the A. S. U. C. last evening ratified the agreement recently entered into by the Boating Association with the University of Washington for the holding of intercollegiate races with the northern institution. The provision was made that the requirements for eligibility of the contestants should be the same as for the races with Stanford.

Jack McCarthy, who coached the baseball team last year, was appointed last night to take the place of Nick Williams, the present coach, who will now join the Coast league.

Frank Gotch, America's catch-as-catch-can champion, and Tom Jenkins, the ex-champion, are matched to wrestle again for the American championship, and the men are to meet this evening at Madison Square Garden, New York.

The contest will be to a finish, the man gaining two falls out of three to be declared the winner. They will wrestle for a side bet of $1,000 each, this amount having been placed in the hands of P. H. Sullivan by the backers of the two men when the contest was clinched.

This match is really the outcome of Jenkins' quick defeat of Jim Parr, the English champion recently. The Clevelander handled the Englishman with such ease, and threw him twice in so much shorter time than it took Gotch to accomplish the same trick, that the latter realized that the New York public demanded he give Jenkins a return match.

That Gotch was quick to grasp this fact was evidenced by a statement he sent out from Buffalo Saturday in which he acceded to Jenkins' demands, and immediately after sent a representative to New York to make the match.

Hughey McGovern, the little Brooklyn bantamweight, and Tommy Murphy, the New Polo Athletic Club featherweight, have been matched to meet in a six-round bout before the National Athletic Club of Philadelphia on April 15.

The articles of agreement were signed by Joe Humphreys, representing McGovern; Johnnie Oliver, for Murphy, and Jack McGuigan, for the club. The conditions call for 120 pounds at 9 o'clock p. m.

McGovern decisively defeated Kid Stinger in their six-round bout before the National A. C. of Philadelphia recently. This was the first encounter in which Hughey has participated in the past seven months, as he was laid up with sickness. He is also matched to meet Willie Gibbs in a six-round bout before the National A. C. this evening.

Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. LEWIS AFRAID OF JOE GANS.

Fight is Called Off.

The twenty-four round bout between Willie Lewis of New York and Joe Gans, the lightweight champion, has been declared off. The men were to have fought before the Eureka A. C. of Baltimore on March 20.

The reason for the match falling through is that Lewis had been signed with Peter Sullivan of Fall River.

The Eureka Club management insisted that Lewis would not box any one before he met Gans. This Lewis refused to do, and the match was declared off.

Maurice Herford, manager of the Eureka Athletic Club of Baltimore has given his version of the reason why Willie Lewis is not going to meet Joe Gans in Baltimore on the 20th, as originally scheduled.

The letter is too long to print in its entirety, but the gist of the whole matter is that Willie is afraid.

Hereford states that he first offered a match with Tommy Daly to Lewis, and that Lewis' manager write that Lewis would fight Daly only on condition that Tommy be sent into the ring with his hends tied, that is, that he was not to knock Lewis out.

To this Mr. Herford objected whereupon, he states, Dan McKetrick, Lewis' manager, called the deal off. Hereford then says he heard no more from McKettrick until Al Herford sent a challenge to all the best lightweights for a match with Joe Gans for a side bet of $5000 and the best purse obtainable. Then, states Herford, McKettrick again shoved Lewis to the front in an apparent desire to fight for the lightweight championship.

Then the match between Gans and Lewis was supposedly clinched, but a week later McKettrick called Herford up on the long-distance 'phone, and is said to have said that Gans was far to good for Lewis at this stage of the game, but that if Herford would agree that Gans should not win in the first round or two, Lewis would go in and take a chance.

To this Herford says he would under no circumstances agree, and he says he told McKettrick that if Gans could win in the first round he would do so. Then, Herford alleges, Lewis threw Gans over for Peter Sullivan at Fall River, giving as an excuse that Gans was too good for Lewis as yet, and as the latter could make the same money by fighting Sullivan as the guarantee with Gans called for, he thought it the wiser policy to let Gans wait awhile.

Herford says he was even willing to let Lewis fight Sullivan before meeting Gans on the 20th as scheduled, but that McKettrick seems to be afraid of Gans under any conditions, and called the match off.

FOOTBALL PLAYER IS SUSPENDED FROM SCHOOL.

BERKELEY, March 15.—For violating a school rule relating to billiard playing during school hours three of the most prominent members of the senior class of the Berkeley High School have been suspended by Principal James, pending action by Superintendent of Schools Waterman, which may take the form of expulsion for the trinity of offending pupils. The students are Harold Parmenter, Scott Martin and Elmo Steele. They were caught by Principal James in a local sporting resort last Friday, playing games that are forbidden to schoolboys at certain periods of the day.

BILLIARDS CAUSED IT.

The fascinating game of billiards proved the undoing of Parmenter, Steele and Martin. They have become infatuated with the pastime, it appears, and for months have spent the time that the school authorities declare should be utilized for study and recitation purposes at the sporting resort in question, where billiards and other games are played. The lads were becoming expert at the game, and the fondness each exhibited for the pastime was so marked as to attract the attention of fellow school pupils.

FOUND IN RESORT.

The report was brought to the High School authorities during study hours last Friday that the boys in question could be found then at the billiard tables, and Principal James promptly descended upon the sporting enthusiasts. He found the pupils as indicated, and was left no choice but to accuse them of violating a High School rule calculated to preserve discipline, and promptly put them under the ban. Their cases are now in the hands of Superintendent Waterman.

FOOTBALL PLAYER.

Steele is right end on the school football team and prominent in other ways. Parmenter and Martin have been interested in school activities, so that they are among the best-known members of the school, and all are rated as perhaps the most influential trinity in the institution. Their suspension created a sensation which has not yet subsided.

PEASANT MOVEMENT IS SPREADING

ST. PETERSBURG, March 15.—The peasant movement is spreading to the northwest provinces. Serious disturbances are reported in the provinces of Vilnia and Kovno, where the estates and property of government officials and others have been sacked and burned, necessitating the employment of the military to suppress the revolt.

FORMER YELL-LEADER PUT OUT OF UNIVERSITY.

Lewis E. Bulkeley, Who Married Corinne Barry, Suspended By the Academic Council.

BERKELEY, March 15.—Suspension from the University of California with expulsion almost sure to follow, is the fate of Lewis E. Bulkeley, yell leader of the University, whose marriage to Corinne Barry took place last Sunday, following a criminal charge preferred against him by the young woman. The academic council recommended to the faculty of the college of social sciences, where Bulkeley is a student, that he be suspended, and this was done at once. Bulkeley, further, is ordered to appear before the faculty committee on students' affairs and show cause why he should not be expelled. The academic council took this action at a special session held yesterday afternoon, when the following communication was prepared and approved:

To the faculty of the college of social sciences: In view of statements recently published which reflect discredit upon the conduct of Lewis E. Bulkeley, a student in the college of social sciences, the academic council recommends the adoption of the following resolution:

"Resolved, That Lewis E. Bulkeley be summoned to appear before the committee on students' affairs, at a time to be designated by the committee not later than March 22, 1905, at 11 a. m., to showd cause why he should not be expelled from the University of California.

"Resolved, That pending further action by the faculty Lewis E. Bulkeley be and hereby is suspended from participation in all University exercises."

The faculty of the college of social sciences met at once, and promptly adopted the resolutions.

Bulkeley is expected to withdraw from all the fraternities of which he is a member, including the Golden Bear, an honor society to which he was elected last term, for his services as yell leader of the University.

The Bulkeley case received notice from various professors today, who referred to it in their classrooms, drawing the natural moral that is involved in the affair.

Professor Lewis of the physics department said to his class that if the students would pay more attention to electing worthy leaders, and less to building big "C's," things would be in better shape at the University. He referred to the leadership of "Locomotive" Smith, the football hero, who left college under a cloud, as another instance where the students worshiped not wisely.

Professors Gayley and Howison mentioned the Bulkeley episode during the day, while urging students to live in a moral atmosphere of perfect purity and sobriety.

MERCHANT MARRIES

Miss Alice Siegfried Gives Heart and Hand to W. J. Schroth.

ALAMEDA, March 15.—A wedding in which society was much interested occurried last night at the residence of Mr. and Mrs. J. M. Siegfried, 2044 Alameda avenue, when their daughter, Miss Alice Siegfried became the bride of William J. Schroth.

It was a white and green affair, the color scheme in the decorations being worked out with maidenhair fern and white blossoms. Though all appointments were elaborate, the wedding was quiet, but a few intimate friends and relatives of the contracting parties witnessing the ceremony.

The bride was attended by Miss Edna Siegfried, a sister, as maid of honor; Miss Florence Schroth, sister of the groom, Miss Mabel Williams, and Mrs. Herman Ulrichs as matron of honor.

Charles Schroth, brother of the groom, was best man.

Rev. J. H. Witte, pastor of the Immanuel German Luthern Church, pronounced the vows which united the couple.

Miss Siegfried, now Mrs. Schroth, is well known in society about the bay, of which she is a popular member. The family has lived here for years, and is well known. The father, J. C. Schroth, is the large tea importer, while Mr. Schroth is the representative of the Siegfried interests in Japan. His headquarters are in Kobe, and the newly wedded couple will make their home in that city. They said on the Mongolia next Saturday.

STUDENT A FORGER

University Freshman Expelled After Confessing His Unique Offense.

BERKELEY, March 15.—A sensation in college circles has been created by the confession of fraud, exercised while he sought entrance to the University of California, which confession was made today by H. F. Freuler, a member of the freshman class. He was promptly expelled from the college, where he has been a student. Freuler forged the name of Principal Morris C. James of the Berkeley High School to a certificate which purported to show that Freuler had passed a satisfactory examination in physics at the High School and was qualified to enter the University of California as a Freshman.

Freuler is a resident of Berkeley his home being on Ridge road. At the university he has been prominent in his class affairs, particularly in athletics. He was on the varsity baseball team as a pitcher and was expected to prove a tower of strength to the team, because of his skill. It is unusual for a freshman to make a varsity team of any sort, and Freuler's feat was accordingly the more notable. He graduated from the Berkeley High School last term.

The fraud of which he is guilty, in forging Professor James' name to an examination paper, was not discovered until a few days ago, when the circumstances accidentally became known to a member of the faculty. Freuler was summoned to explain and soon broke down, confessing his guilt.

The Academic Council this afternoon recommended his expulsion, and the faculty of the College of Mechanics took action accordingly, later giving out the following official announcement:

"For confessed fraud committed at the time of his entrance to the University of California in August, 1904, H. F. Freuler of the freshman class has been expelled from the University of California, and his record expunged."

PLAYS TO BE STAGED

French and Spanish Clubs Working on Productions For the Future.

BERKELEY, March 15. — The French and Spanish clubs are each hard at work preparing plays to be presented in the near future. The French club has decided to produce "Le Premier Mai," a pastoral comedy in one act by Robert Dupouey, and "Gringoire," a one-act comedy by Theodore de Banville. Both plays will be given next month and rehearsals are actively progressing.

The actors in "Gringoire" are as follows: Miss Alice B. Jones, '07; Miss Elaine Motter, '07; Gustave Faucheux, Robert Dupouey, Alfred Solomon and G. W. Nickel, '03. The rehearsals are directed by Gustave Faucheux, Alfred Solomon and Robert Dupouey.

In a lecture to be given in the Students' Observatory on Tuesday, April 4, Mr. Gustave Faucheux will give an explanation of the play. Copies of it may be purchased at the Co-operative Store.

Those to take part in "Le Premier Mai" are Mrs. F. E. Farrington, Miss Ethel Valentine, '07; Miss Sophie Treadwell, '06; Miss Anna Stuart, '05; Miss Franklyn Jones, '07; Miss Mary Le Conte, Miss Helen Mason, Gustave Faucheux, J. F. Rhea, '07, and E. O. Heinrich, '08. There will be also a chorus of shepherds and shepherdesses and a chorus of Americans, composed of men and women students of the University. The play is being rehearsed under the direction of Mrs. F. E. Farrington. She selected Miss Maud Wellendorff as the accompanist; Miss Phoebe Binney, '06, stage manager; Miss Suzanne Marty, who will be in charge of the dances and evolutions of the chorus.

NOTABLE EVENT

Charter Day Exercises at University to Be Most Impressive This Year.

BERKELEY, March 15.—Final arrangements have been completed for the Charter day exercises to be held in the Greek theater Thursday, March 23, at 2:30 p. m. Professor Henry Van Dyke of Princeton University will deliver the address. In case of rain the exercises will be held in Harmon gymnasium.

Following is the order of exercises of the day:

1 p. m.—Gates to Greek theater will be open. All seats below the diazone will be reserved until 2:30 p. m. for those holding tickets.

1:45 p. m.—Students of the University will assemble upon the walk between North and South halls and will form their procession in columns of twos, facing northwest, grouped as follows, in order named: Freshmen, sophomores, juniors, seniors, students in professional colleges and graduate students. Each division will be in charge of its class officers. In case of rain they will assemble in the armory.

2 p. m.—The regents, ex-regents, guests to the University, faculty and officers of the alumni bodies will assemble in the library. In case of rain, assemble in Harmon gymnasium.

2:10 p. m.—The above will be grouped as follows, in order named: Alumni, fellows, assistants, astronomers, instructors, professors, alumni officers, guests and regents.

2:15 p. m.—Procession moves, students' division preceding along roadway on north side of the Mining building. Upon arrival at the northwest corner of the Greek theater the procession will open ranks and face inward. The several groups as given above will then enter the theater in reverse order. The regents, guests, alumni, etc., will pass between the opened ranks and enter by the middle door of the stage. The students' divisions will then enter the theater through the north gate, the alumni preceding, then seniors, juniors, sophomores and freshmen.

The detailed program for exercises will be announced later. The faculty committees in charge are as follows: Procession as a whole, Professor J. T. Nance; regents' division, Mr. H. A. Overstreet; faculty division, Professor H. B. Torrey; students' division, Professor C. A. Noble; invitations and programs, Mr. Sutton and Professor Leon J. Richardson; seats and tickets, Professor Edmund O'Neil; music, Dr. W. C. Morgan; decorations, Professor John Galen Howard.

BOUND TO BUILD IT

Students Ignore Opposition to Big "C" and Go Ahead With Plans.

BERKELEY, March 15.—Despite the strenuous opposition of Poet Keeler and many faculty members, definite plans for building the big cement "C" on Charter hill were determined on last night by the members of the joint sophomore-freshman committee in charge. All that now remains to be done is to settle the minor details and organize the working brigades.

The plans adopted call for a "C" of the same general style used for the boat crews. It will be 60 feet high on the slope and 26 feet wide. The cement and concrete will be four inches thick, the same as for sidewalks, and there will be a number of piles set in the ground to prevent slipping. Proper precautions will also be made to secure complete drainage.

The plans have been scientifically prepared and the "C" will show the proper proportions when seen from Berkeley. Professor Soule has expressed his approval of the plans.

The concrete will be mixed at the barn in Strawberry canyon and will be carried up in buckets. About fifteen tons of mixed material will have to be transported up the hill. If 400 students turn out it will necessitate about two trips apiece with thirty-five pounds of material for each trip. As the university authorities have declared a holiday for the classes of 1907 and 1908 on Saturday, March 18, it is expected that a large number of men will turn out.

A plate has been secured with a proper inscription, and this will be embedded in the face of the concrete.

A meeting of the bosses will be held on Thursday, the place to be announced. G. A. McEldowney, '08, has been appointed boss over the freshman mechanics. The necessary tools have been secured by the committee.

BURGLARS AT FRUITVALE.

Two Houses Robbed; Valuable Dog is Shot.

FRUITVALE, March 15.—A carnival of crime seems to have been begun here. There were three deeds of violence committed Monday night, two burglaries and the malicious shooting of a valuable dog.

A dry goods store at the corner of East Fourteenth street and Redwood road, belonging to M. Von Duren, was robbed of $8 worth of merchandise, and Donovan's shoe shop on the old county road was entered.

A fine cocker spaniel belonging to Joe Short of Bray avenue was found yesterday with its eye shot out. Its trail of blood was followed half a mile up Bray avenue. The animal's life may be saved.

Constable Carroll is of the opinion that a band of toughs made the town their headquarters for the night and then left the neighborhood. He is now on the watch for them.

CRAWFORD SPEAKS.

Thomas O. Crawford addressed the citizens of the school districts hereabout last night at Allendale Hall. His subject was the proposed high school for the districts of Bray, Melrose, Fruitvale, Elmhurst and Lockwood. A large audience was present and gave close attention to his remarks.

The orator was met at the corner of Fruitvale avenue and East Fourteenth street by the Allendale band of twelve pieces and taken in a carriage to the hall under the auspices of the Central Improvement Club. President Adams of the club made a short talk of introduction. He announced that the signatures of all the property owners along the proposed extension of Allendale avenue had been secured, and that they would give the land to be made into a county road. If the Supervisors take favorable action the street will be cut through without expense to the abutting owners.

Samuel Nelson and I. Jacobs constitute the committee which got the deeds from the owners.

BOARD OF TRADE.

A meeting of the Board of Trade was held last night to discuss the High School issue. Afterward the members went to Allendale to hear the speech of Superintendent of Schools Crawford. The committee which prepared the program for the meeting consisted of Dr. J. N. Callen, William Dunlevy and others.

Nearly all of those who expressed their opinions on the subject seemed heartily in favor of the plan.

LODGE IN SESSION.

Fruitvale Circle, No. 685, Women of Woodcraft, enjoyed a spread last night at the Masonic Hall. It was given in honor of the birthday of the clerk, Mrs. A. E. Tomlinson. Ice cream and cake were served.

The preparations were made by all the members working together, no special committee having been appointed.

Two new members were initiated before the supper.

HAVE AMBITIONS TO GOVERN

CROP OF INDEPENDENT CANDIDATES INVOLVES APPROACHING CITY ELECTION.

ALAMEDA, March 15.—There are now seven candidates for places on the municipal board where there will be but three vacancies to fill. Three are the regular Republican nominees, while four are running independently. And it is possible that orders will come in, as next Monday is the limit for filing petitions for places on the ballot.

In addition to the three candidates who are commonly known as the "Independents," as they are running together, Messrs. Boehmer, Tarpey and Mehrtens, the other independent is "Tea" Smith, who has often made an independent fight for a seat on the municipal board, and as often been defeated. All these candidates now have their petitions completed, and after a scrutiny to see that all signers are qualified, they will be filed.

The law provides that at least a number equal to three per cent of the vote at the last previous election must sign the petitions. The vote on November 4 in Alameda was 3102, so that 94 must sign the petition. All of the petitions have many more than that number of signatures.

THE CZAR IN PROVERB.

(Translation in the Literary Digest.)

In a recent number of the Paris Figaro were found collated some characteristic Russian proverbs that regard the Czar and his position and find much current application:

"The crown does not protect the Czar from headache.

"Even the lungs of the Czar cannot blow out the sun.

"The Czar's back, too, would bleed if it were gashed with the knout.

"The Czar even covered with boils is declared to be in good health.

"The Czar's arm is long but it cannot reach to heaven.

"Neither can the Czar's vinegar make anything sweet.

"The hand of the Czar, too, has only five fingers.

"The voice of the Czar has an echo even when there are no mountains in the vicinity.

"It is not more difficult for Death to carry a fat Czar than to carry a lean beggar.

"The tear in the eye of the Czar costs his country many, many a handkerchief.

"What the Czar cannot accomplish time can do.

"Even the Czar's cow cannot bring anything else into the world but a calf."

An advance of a cent a gallon on oil could be ordered and the public would soon pay the fines many times over. These men are never sent to prison for their defiance of law. Is there any substantial reason for supposing that any of them will look out from behind prison bars as a result of the present agitation?—Rochester Union and Advertiser.

JINKS FOR THE FRESHMAN WOMEN

BERKELEY, March 15.—Women of the University of California junior class have decided to give the freshman women a jinks, to be held in Hearst Hall on March 22, Charter day eve. Definite arrangements have not yet been decided upon, but several committees have been appointed which will meet as soon as possible to decide on some general form of entertainment.

SOAKS MANAGER ON THE JAW

BLOW FRACTURES ANCIENT WEAPON AND POLICE LOOK FOR CULPRIT.

ALAMEDA, March 15.—Granville, alias "Joe," alias "Ed" Bush, who first achieved notoriety when, as an employe of the Pacific States Telephone Company during the strike, he broke sundry heads for emitting the word "scab," as he passed by on the construction wagon, is again in trouble, and is much wanted by the police.

Yesterday he was beating a horse belonging to the company when H. A. Clark, the local manager, stopped the outfit in the street and asked him to desist. While remonstrating with him Mr. Clark stood at the head of the horse. Bush climbed out of the wagon and approached him with apparent peaceful intent, but when he got within "shortarm distance," he hooked the manager under the jaw, breaking it.

The supreme affront was given later however, when Bush called the injured manager up on the telephone and asked if he could not arrange some method by which he, Bush, could draw what pay is coming to him and yet avoid the police.

MAY REBUILD ARMORY.

ALAMEDA, March 15.—There is renewed talk of repairing Armory Hall, the building which, after acting as Alameda's chief gathering place for nearly a quarter of a century, fell into disuse, and was seriously damaged by fire. It is now proposed to remodel it into an apartment house.

HAYWARDS WOODMEN GO TO ALVARADO—PERSONAL NOTES.

HAYWARDS, March 15.—A large delegation of Haywards Woodmen went to Alvarado last night to help the lodge there to celebrate its seventh anniversary. The guests were entertained with a smoker and supper, followed by speeches from many of those present. Among the visitors from Cypress Camp were:

P. Wilbert, Elmer Welsh, M. G. Alberts, John Layman, O. L. Hill, R. M. Hill, A. G. Allen, C. M. Patrick, C. E. Fish, H. W. Holmes, J. T. Clark, E. E. Kelsey and others.

TO CELEBRATE.

Nearly $450 has been subscribed by the business men of this place to provide for a celebration on the Fourth of July. For several years Haywards has left this task to the neighboring towns, but now proposes to have a monster carnival to compensate for the other years. An effort will be made to secure the services of David Grunwell, who gave an exhibition of horse riding here two months ago, to repeat his performance. It is possible that a grand barbecue will be arranged also. There will be a display of fireworks in the evening.

On the committee on getting subscriptions are Jesse Woods and J. M. Lillibridge.

LOCAL NOTES.

A number of fruit trees on the Meek ranch were blown down during the recent storm.

Max Goldman and J. Singer have settled in Haywards. They will be employed by Tony Kelly.

Jack Crooks, a former resident here, visited friends in town yesterday.

BRIEF YARNS.

During the Smoot hearing Governor McConnell of Idaho was giving testimony on behalf of the Mormons and doing what he could to help the Utah Senator. He read a newspaper article, which, he said, coincided with his views. "From what do your read?" asked Senator Dubois of Idaho, the leader of the anti-Mormon crusade. "I read," said McConnell, looking at Dubois with a triumphant grin, "from an interview given in 1898 by Fred T. Dubois, now Senator from Idaho."

A butler, newly engaged, requested his master to allow him some whisky. "There's nothing like it to clean the windows," said he. However, a few minutes later his master chanced to pass through the room, and to his surprise found the glass empty. "Why, James," he asked, "where's the whisky?" "Well, you see, sir," said James, "it's this way: I drink the whisky and then I breathe on the glass."

A little girl who had been brought up a believer in Christian Science was visiting her aunt, a nonbeliever, and in the course of the afternoon fell downstairs, whereupon she began to cry lustily. "Are you hurt dear?" inquired the aunt." "No," was the sobbing response. "Then," said the aunt, not without a touch of wicked enjoyment, "why do you cry?" "I am crying," was the reply, "because I can't feel that I ain't hurt."

SMALL BOYS ARE ARRESTED

POLICE FIND THAT THEY HAVE BEEN COMMITTING BURGLARIES.

ALAMEDA, March 15.—There have been more arrests and more fines imposed in the local City Justice Court this week than during any other month in the year, and about as much as during the whole of the year of 1905 that has so far passed.

The police unearthed a party of boys who, it is alleged, have been systematically pilfering stores about town, taking small articles. The prodigality of Ralph Clenden in giving away pocket knives, he having supplied all his friends with expensive implements, first aroused suspicion, and when a merchant was found who had lost knives, the police gathered the boy in. First they had found he was giving the knives away, and a short sweating, working with this information brought confession. The lad will not be prosecuted, his parents having agreed to make good the amount taken. They are in good circumstances, and highly respected people.

Roy Reynolds, Clarence Gale and Claude Brock were arrested on a charge of entering a barn belonging to Combs & Fisher, on Encinal avenue, and taking a gun, revolver and some small articles. This matter has also been settled and the boys were released last night, after having spent a night and part of a day in jail.

The Reynolds and Brock boy are said to have been in trouble before, but the Gale boy has never been implicated in anything of the kind before.

Stephen Hughes was arrested for disturbing the peace in the Park theater during a performance Monday night. On the request of the theater management he was released.

George Ghilelri, who participated in a Sunday row which has a number of black eyes to its credit, forfeited a $15 bail rather than risk appearing before Justice Tappan.

"Abe" McDonald, who participated in the last above-mentioned affair, was fined $25.

John Fleming, drunk, forfeited a $5 bail, Charles Simmons of Fruitvale paid $3 for leaving his horse unhitched, and R. Johnson $2 for riding on the sidewalk.

HEROIC TREATMENT.

"I can cure you of that peculiar affection of your neck, madam," the physician said, "but I shall have to prescribe a most heroic remedy."

"Not a surgical operation, doctor," faltered his fair patient.

"Worse than that, madam," he rejoined. "For six months you must refrain absolutely from turning your head to glance at the attire of anybody whom you happen to meet on the street.

A WALK-AWAY.

(From the Cleveland Leader.)

"I'll bet I know more women than you do!"

"I'll take the bet. I am acquainted with all the members of the original 'Floradora' sextet."

"I win. I'm acquainted with Mrs. Hoch!"

LODGE MEMBERS ON VISIT

AFFAIR PLANNED AT SAN LEANDRO—PERSONAL NOTES.

SAN LEANDRO, March 15.—Preliminary arrangements are being made by Company No. 69 of the Uniformed Rank of the Knights of Pythias for their second annual ball. The entertainment will take place on April 20 at the U. P. E. C. Hall. Admission will be by invitation only.

The members expect a complete success as their previous entertainments have always been popular with the people of the town. The committee of arrangements has not been selected.

PERSONAL NOTES.

Professor Charles Dawborn paid a visit to Oakland yesterday.

Dr. Stirling of the Sanitarium has been quite ill, but is improving.

J. N. Frank was in Oakland yesterday on important business.

INTERESTING BITS.

Very rich in remarkable wild animals are the mountainous and remote corners of Alaska and British Columbia. They have produced the huge Kadiak bear, the largest in the world; the largest moose known, the sea otter and the Alaskan mountain sheep. What is thought to be a new species of bear has also been discovered there. It is an inland white bear, not an albino of the common black or brown bear, but apparently a true species.

Another landmark of old London disappeared the other day when the authorities ordered the destruction of the milk fair which has been a feature of St. James' Park for 300 years. The women who conducted the fair, with their ancestors before them, had been in possession of the place for centuries and insisted that long occupancy had given them a sort of perpetual franchise.

Japanese soldiers along the Sha River have shown their ingenuity in the utilization of an oversupply of rats. The rodents became a pest and the soldiers set to work to destroy them. Though destroyed, the rats were not wasted. The soldiers cured the rat skins and used them for earflaps, with the tails tied beneath the wearers' chins.

WELL FITTED.

The young man had asked the Great Editor for his daughter's hand.

"Do you drink, my boy?" asked the stern parent.

"Nor, sir—never touch a drop."

"Do you smoke?"

"No, sir."

"Play cards? Play the races? Are you in debt? Have you any entanglements?"

"No, sir."

"Well, take her. And, say, I want you as circulation manager of this paper. Sit down and make out an affidavit of last month's circulation right away while your hand's in."—Cleveland Leader.

ELMHURST NEWS AND NOTES

LODGE CELEBRATES ITS ANNIVERSARY—BENEFIT RAFFLE—POWER HOUSE.

ELMHURST, March 15.—Comanche Tribe, No. 79, I. O. R. M., celebrated its tenth anniversary last night with a stag party at Red Men's Hall. There was a smoker, followed by a supper. Charles S. Alvord, Harry Cramer, Lester Finley and others made after dinner speeches.

Several games of whist and euchre were played later.

BENEFIT RAFFLE.

Tickets are being sold for a raffle to pay the funeral expenses of Mrs. Nellie Enning Cramer, who was buried Monday at the San Lorenzo cemetery. She was a widow and had been ill four years. All her money had been spent in doctoring.

The neighbors are getting up the raffle. Tickets are 50 cents apiece, and the prize is a jeweled gold watch. The winning number will be the last two digits in the number drawn in the Mexican lottery the last of this month. One hundred tickets will be sold if possible.

PREPARE SWITCH-HOUSE.

One side of the power-house is partially torn down while the construction of a large switch-house is going forward. The structure will shelter a mammoth switchboard to control the powerful alternating current of 50,000 volts, which is to run the great motor-generator. On account of the strength of the current terra cotta will be used to line the interior of the house, which is to be eighteen by nineteen feet in dimension and forty feet high. It will take two months to build and is to cost about $25,000.

BOOKKEEPERS ELECT OFFICERS

The annual meeting of the above-named association was held last evening at the hall in Blake block. From the report of the treasurer it appeared that approximately twenty-five per cent of all the receipts for the year are still on hand. No officer of the association receives a salary. The secretary's report showed that at the first meeting there were thirteen members. The charter was kept open for the next meeting, when twenty more names were added to the roll of charter members. At present the membership is eighty-five. From the list of subjects on which addresses were delivered during the year it is evident that the association is actively performing the use for which it was organized, namely, the advancement of its members in the science and practice of accountancy. A wide range of topics has been handled by experts and those who have heard all the speakers have benefitted in high degree.

The following-named officers were elected for the ensuing year and duly installed in their respective offices:

President, L. G. Jordan; vice-president, T. W. Smith; treasurer, D. W. James; secretary, W. W. Cooley; additional members board of government, Messrs. Moyer, Sabin, Chamberlain.

The thanks of the association were extended to the retiring officers. It was voted to hold a banquet at some time in the immediate future, and a committee consisting of Messrs. Nealon, Stead and Stuart was appointed to arrange for it and report at the next regular meeting.

Much enthusiasm was manifested at the meeting and the new year begun under most favorable auspices.

OUT-OF-DATE CORONER.

Even in Shakespeare's time the English coroner had worn out the patience of the most enduring. It seems strange that in this day and generation New York still tolerates him. But it is Mayor McClellan who is responsible for his stay. A judicious bill was adopted by the Legislature at its last session which would have relieved the metropolis of the venerable infliction, but Tammany and the Mayor intervened, and the bill was defeated. It is clear that if Mr. Murphy retains his clutch over the metropolis the antique system of coroners is not likely to be displaced by the more modern arrangement of medical examiners.—New York Tribune.

PROSECUTION OF MORMON

MAN WITH TWO WIVES MUST LEAVE THE COUNTRY.

NEW YORK, March 15.—Wholesale prosecution of Mormons on the charge of polygamy has begun at Raymond, Alberta, one of the Northwest Territories, which has been made into a province, according to a Tribune special from Winnipeg. The mounted police have taken up the campaign against the Mormons, who number several thousand, having moved from the United States and Europe in the last five years. The first action was taken against a well-known resident of Magrath, who recently brought two wives from the United States; whom he is said to have married in Utah. He declared he was not living in a polygamous state, but was given his choice of leaving the country or being prosecuted. Similar notices have been served on many others known to have more than one wife.

EXCAVATION TO BE RESUMED

CHICAGO, March 15.—Professor Robert Francis Harper of the University of Chicago, who is director of the expedition of the Oriental exploration fund, now in Assyria, has received a telegram announcing that the work of excavating the ruins of Bismya which was suspended last Autumn, is to be resumed. The despatch was from Victor Persons, engineer in charge, and stated that the sender started for Bismya from Bagdad on March 9th.

The excavation was begun in December, 1903, and continued until several months ago, when it was abandoned by order of the Turkish government. The permission to resume work is the result of Dr. Harper's recent trip to Constantinople.

Bismya which has been identified as the Adab of ancient inscriptions, is one of the most ancient of Babylonian cities and flourished possibly as early as 4,000 or 5,000 before Christ. No history of the place ever has been discovered and tradition does not record the name of its ruling dynasty.

The site for the excavation is between the Timerus and Euphrates rivers, ninety miles southeast of Bagdad.

It is a large ruin, second in size only to Nippur, Warka and possibly Babylon. The length of the entire mound under which the ruins are buried including a small low hill 200 meters to the northwest, is 1,665 meters and width 840 meters.

MINING ENGINEER MAKING INSPECTION

SACRAMENTO, March 15.—John Hayes Hammond, the noted mining engineer and expert, passed through Sacramento today in his private car and proceeded to Folsom, the principal point of supply for the mining operations on the American river, where the dredgers are taking out a great many thousands of dollars monthly from the gold-bearing gravel. Today Mr. Hammond inspected the mines at the town of Dredge, near Mormon Island, and it was reported later that he expressed satisfaction with the work that has been done on behalf of the Eastern syndicate which he represents. Mr. Hammond will make a general survey and inspection of the gravel mining operations along different tributaries of the Sacramento river within the next month.

ATTORNEY SHAW RETURNS.

Attorney G. M. Shaw, of this city, has returned from Marysville, where he opposed the granting of a franchise to the Northern California Railway and Navigation Company. The bidding for the franchise was quite spirited, Attorney Gardiner, who represented the company, buying it for $765.

VICTIM OF WRECK.

NEW YORK, March 15.—Samuel O. Oestricher, one of the twenty-nine persons injured a week ago in the subway wreck at the Twenty-third street station, is dead. He was the second passenger whose injuries terminated fatally.

NO MORE WORK.

PHILADELPHIA, March 15.—With the entire available supply of silver bullion completely disposed of 125 employes of the counting and weighing rooms at the mint, mostly women, have been indefinitely suspended.

GARBAGE MATTERS DISCUSSED

CONSIDERATION OF QUESTION BY MERCHANTS' EXCHANGE DISPELS MISUNDERSTANDING.

The garbage question and the management of the Pacific Incinerating Company was the topic of discussion at the meeting of the Merchants' Exchange last evening, but no definite action was taken, the matter being laid over for another week. The company was represented at the meeting by F. J. Melbourne, the general manager.

In the absence of Acting President Schleuter, Theodore Gier called the meeting to order and suggested that as Mr. Schleuter's mother had just died, the Exchange adjourn out of respect to her memory.

Secretary Walker explained that the object of the meeting was to discuss the garbage matter and George W. Arper declared that it was a question of vital importance to the citizens of the city. He therefore suggested that the matter be discussed and that when the Exchange did adjourn, it do so out of respect to the memory of Mrs. Schleuter.

Then Secretary Walker told why the Exchange had taken the matter up. Many complaints, he said, were received regarding the manner in which the crematory was managed and he said he thought the company should have a central office to which complaints could go.

"Many persons say they have been treated discourteously by the management," continued Walker, "and the men who are hired to gather the garbage refuse to do so unless they have definite orders."

W. H. Wellbye said the committee of the Exchange appointed for that purpose had met a representative of the company and had been treated fairly.

Frank J. Melbourne, general manager of the company, said that it looked strange to him that the people could not have this garbage removed properly. There was one time he said, when the company was 800 orders behind the number of calls, because of the injunction of the courts, and that the company had asked special permission from the Board of Health to remove the garbage in barrels and be inside the law of the ordinance, and that it had been granted.

He stated that the company was not altogether to blame, and stated that the Mayor had sent him the letter of a Piedmont man that complained that his refuse matter had not been removed for four weeks. He said that the company at once sent a wagon and that the driver was unable to find the place because the letter gave the wrong address.

He met the objection that only part of the garbage was removed at one call by saying that there were two sets of wagons that collected the garbage, one for the cans and one for the other refuse matter, and that because of the construction it was impossible for one wagon to carry both.

In his mind it was not fair to the company and its contract with the city to expect it to remove a quantity of garbage large enough for three cans and get pay for one. The delay in collecting the garbage was sometimes caused by redistricting the city. He said the city has been cut into fifteen districts, and that it was impossible in a few days to re-enter the names of all the householders and not miss somebody.

The careless segregation of the garbage from the house was, in the representative's mind, one of the causes of considerable trouble. If the refuse from the house and kitchen is not properly separated it necessitates the call of a separate wagon to take it away and not violate the ordinance.

The common report that the garbage is accumulating on the grounds at the crematory was denied as to any responsibility to the company. Mr. Melbourne stated that it was there when the company took the property and erected its works, and that the only refuse matter that was "dumped" on the company property was ashes and lawn trimming and that all the other was burned.

Director Hoffman stated that it was impossible to get the wagon drivers to take the garbage when they were requested to do so or when they had not received orders to do so from the head office. He said that it must be that the failure was because the drivers were not attending to business or that the service management was inadequate.

Manager Melbourne said that, if what Mr. Hoffman said was true, the men were shirking.

After some further discussion the matter was laid over for another week.

Director Wellbye asked that the Exchange take some action requesting the Governor not to sign Assembly Bill No. 612, that was passed by both houses of the Legislature, and which has as its object the increasing of the minimum wage to be paid to laborers on State, county and city work. The Exchange tok the view that it would be a detriment to the laboring men at large and to the cities of the State, and by unanimous vote authorized the Secretary to request the Governor not to affix his signature to the bill.

The Exchange then adjourned.

MOTHERHOOD

How To Gain The Happiness Of Children

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and most holy desires. Yet thousands of noble women, through the derangement of the female generative organs brought on by female weakness and disease, are unable to produce children!

Ninety-nine times out of every one hundred Lydia E. Pinkham's Vegetable Compound will so restore and strengthen the female organism as to make child bearing possible, easy, and safe.

Lydia E. Pinkham's Vegetable Compound

with its record of thousands of cures, is the remedy for women. Thousands of women are happy mothers of beautiful children to-day because in time of need they took Lydia E. Pinkham's Vegetable Compound. No matter what your female weakness or disease, it will afford you speedy relief and cure. Every woman who desires to become a mother should read these letters:

Dear Mrs. Pinkham:—I had been married seven years and had no children, owing to a female weakness and womb trouble, which caused me severe suffering each month. A lady advised me to try Lydia E. Pinkham's Vegetable Compound, and I did so, and now I have no more pains and am perfectly well, besides having a fine baby boy. MRS. ROSA F. KAREL, Ravenna, Neb.

Another happy and grateful mother writes to Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—I was very anxious for a child, but could not carry one to maturity. My husband advised me to take Lydia E. Pinkham's Vegetable Compound. I did so, and soon began to feel better in every way. I continued its use and was enabled to carry my next child to maturity. I now have a nice baby girl, and I feel like a new woman. MRS. FRANK BEYER, 22 S. Second St., Meriden, Conn.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham at Lynn, Mass., whose advice is given free to all would-be and expectant mothers. Her letter will give you valuable information.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

Accused Swindler Caught By Woman.

Attacks Him With Umbrella.

CHICAGO, March 15.—Despite his struggles, Mrs. Minnie Rounds held until the arrival of the police a man believed to be wanted in several States on the charge of swindling. The captive gave the name of Charles E. Raymond.

Within the last few months frequent complaints have been made by persons who said they had been swindled by a man declaring he represented an advertising agency, with headquarters at Milwaukee.

Mrs. Rounds was approached by Raymond, who wanted to advertise her property for sale. She recognized the man as one to whom she paid $1.85 two months ago. She attacked him with an umbrella and prevented him from escaping.

The police found in the man's possession letters from many firms and a list of more than 800 supposed victims. There also was a note signed "Miss Agnes Bransky, Winona, Mich.," accusing the man of swindling the writer and taking her watch, ring and other jewelry.

FAMOUS CIRCUS CLOWN DIES PRACTICALLY PENNILESS.

DENVER, Colo., March 15.—Practically penniless, with only his devoted wife to watch and mourn, Mons. Niblo famous circus clown and pantomimic has died in this city after fighting for months the ravages of tuberculosis. He came here in December a physical wreck and has never been able since to leave his bed. Niblo was 53 years of age and for thirty-five years had performed before the public. He was the creator of the part of "Humpty Dumpty" in the play of that name.

PHYSICIAN'S SON AS A ROBBER

SAN JOSE, March 15.—Ralph Frazer, son of Dr. Frazer, a one-time prominent physician in this city, now residing in Susanville, Lassen county, was arrested this morning after he had held up and robbed a Chinaman. Frazer asserts that he helped young Weber to kill his family in Auburn. He is regarded as a dangerous lunatic, and was at one time in Glen Ellen.

CHARGES FILED.

WASHINGTON, March 15.—Charges have been filed with Samuel Gompers, president of the American Federation of Labor, which are said to reflect on the integrity of individuals connected with the subway and elevated railroads strike in New York. Mr. Gompers said the charges would be investigated. It is said that the charges contain allegations that the strike was engineered for the sole purpose of being broken. Officials of the unions, it is declared, received or expected to receive a large reward for bringing about that strike.

THEY WILL PROVE OR DISPROVE

CAMBRIDGE, Mass., March 15.—Harvard's astronomers expect to prove or disprove a new theory concerning the nebular hypothesis through the discovery of the seventh satellite of Jupiter by Professor Perrine of Lick Observatory. The theory is advanced by Professor William Pickering in explanation of the retrograde motion of Phoebe, ninth satellite of Saturn, discovered by him in March, 1899.

Phoebe was found to be traveling in the opposite direction from any known satellite and Mr. Pickering conceived the idea that when first cast off it was moving in a retrograde motion, but as Saturn gradually "keeled over" the planet's motion was changed until it was finally rotating directly. The other satellites were thrown off after this motion changed, but Phoebe maintained its original motion from right to left. His theory is that all the planets have keeled over or are keeling over, Jupiter having nearly completed the process.

BALDWIN GIVEN NEW COMMAND

DENVER, March 15.—Announcement has been made at army headquarters that Brigadier-General Frank D. Baldwin, at present in command of the Colorado Department, has been advanced to command the southwestern division, with headquarters at Oklahoma City. Brigadier-General William McCaskey will succeed him. General McCaskey is now in command of the First Brigade of the Philippine division and the post at Manila, and is not expected to arrive in Denver for about two months.

General Baldwin shortly will be made a Major-General and he will be retired by the age limit rule the last of next year. He is at present on a tour of inspection in Arizona.

The southwestern division, over which he will have charge, is the largest in the country, embracing both the Department of Colorado and the Department of Texas, including besides the States mentioned, Utah, New Mexico, Arizona, Louisiana, Oklahoma and Indian Territory.

UNITARIANS ELECT TRUSTEES

The members of the Unitarian Church held their annual meeting last evening and elected trustees for the year which began on March 1st. The Woman's Alliance served dinner at 6 o'clock, the business meeting beginning at 8 o'clock.

The following trustees were elected: Emil Lehnhardt, T. H. Barnes, Don McNichol, Dr. Pauline Nusbaumer, Francis Cutting, A. H. Elliot, John W. Stetson, Dean Earl M. Wilbur, George H. Meredith, William Gorrill and J. M. Holmes.

Pneumonia and Consumption

Consumption Threatened

C. Unger, 211 Maple St., Champaign, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had consumption. I tried a great many remedies and I was under the care of physicians for several months. I used one bottle of FOLEY'S HONEY AND TAR. It cured me, and I have not been troubled since."

Cured Hemorrhages of the Lungs

A. M. Ake, Wood, Ind., writes: "Several years since my lungs were so badly affected that I had many hemorrhages. I took treatment with several physicians without any benefit. I then started to take FOLEY'S HONEY AND TAR, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble."

Three Sizes—25c, 50c, $1.00. The 50-cent size contains two and one-half times as much as the small size and the $1.00 bottle almost six times as much. REFUSE SUBSTITUTES.

FOR WOMEN AND WOMEN ONLY

Much That Every Woman Desires to Know About Sanative, Antiseptic Cleansing and the Care of the Skin, Scalp, Hair, and Hands.

WHAT CUTICURA DOES FOR WOMEN

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment, and Pills in the antiseptic cleansing of the mucous surfaces, and of the blood and circulating fluids, thus affording pure, sweet, and economical local and constitutional treatment for weakening ulcerations, inflammations, itchings, irritations, relaxations, displacements, pains, and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength, and beauty to weary women, who have been prematurely aged and invalided by these distressing ailments, as well as such sympathetic afflictions as anæmia, chlorosis, hysteria, and nervousness.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made Cuticura the standard humour remedy of the civilized world

TORTURING HUMOR

Cured by Cuticura.

"I suffered five years with a terrible itching eczema, my body and face being covered with sores. Never in my life did I experience such awful suffering, and I longed for death, which I felt was near. I had tried doctors and medicines without success, but my mother insisted that I try Cuticura. I felt better after the first application of Cuticura Ointment, and was soon entirely well. Mrs. A. Etson, Bellevue, Mich.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Boston, Sole Props.

REGENTS HOLD MEETING

DIRECTORS OF THE UNIVERSITY OF CALIFORNIA PASS ON ROUTINE.

SAN FRANCISCO, March 15.—Charles W. Slack presided yesterday at the regular meeting of the Regents of the University of California. The resignation of Dr. M. J. Sullivan of the Dental Department was accepted.

For services in connection with the Baldwin partition suit, the finance committee recommended that Attorney Osgood Putnam be paid $750. Regent Wheeler demurred, asking if it were the policy of the board to pay special counsel when there was a regularly employed attorney. Attorney Chas. S. Snook explained that when Mr. Putnam retired from the service of the board he was the attorney of record in the suit mentioned, and that after the lower court had awarded the Board of Regents only $7000, Mr. Putnam effected a compromise by which the board got $15,000. Mr. Wheeler agreed that the fee was only just, and the recommendation was adopted.

The Spring Valley Company's request that they be allowed to purchase a part of the marsh land on the Flood property in San Mateo was referred to the Flood Endowment Committee.

In accordance with the bequest of the late Chas. S. Doe, borings were authorized for the foundation of the new $700,000 library building.

WOMAN FACES GALLOWS; NOT AFRAID TO DIE.

Will Be First Italian of Her Sex Thus Punished in America,

HACKENSACK, N. J., March 15.—Anna Valentina, condemned to death for the murder of Rosa Salza, will be the first Italian woman to die on the gallows in America, and this in spite of the efforts of American representatives of the King of Italy. It is expected Justice Garretson, of the Supreme Court, will fix some day early in April for the execution.

The death watch has been placed over the woman and her last hope, apparently, has gone. There is a possibility that after Justice Garretson resentences the woman, the Court of Pardons again will be appealed to. Inasmuch, however, as this body has already declared against a commutation, and there does not appear to be any new grounds on which to base another appeal, the woman's friends fear that a second plea for her life would be as futile as was the first. This fear is strengthened by the fact that of the eight members who constitute the Court of Pardons, six are Justices of the Court of Errors and Appeals, which only a few days ago refused to sustain a writ of error in the case.

WOMAN SHOWS FORTITUDE.

Anna Valentina herself bears up under the awful knowledge with remarkable fortitude. But it is only the calm before the storm, her jailers say. They say she does not realize the terrible death she is to suffer.

They fear the horror of it all will dawn upon her as the day for her execution draws near and she will then completely collapse. To Father J. E. Lambert, her spiritual adviser, Anna Valentina said:

"Ah, father, I am not afraid to die. Do not fear, I will not break down. I am resigned to my fate. It is God's will that I should die this way, and His will be done. I am content with my fate, father. I am content. As for my crime, I regret it only because it was a crime against law of God. For His sake I wish I could bring Rosa back.

"For the woman herself I have no regrets that she is dead. I regret only having sinned against God. But, father, do you know I cannot remember having killed Rosa. Yes, yes, I know I must have done it, but, father, it is and always was a blank to me.

"All that I recall is that Rosa taunted, goaded me so that I could stand it no longer, and I became frantic. Then, something seemed to snap in my brain, a great veil appeared before me, and—and I knew no more."

TACOMA TAKEN BY JAPANESE

TOKIO, March 15, 2 p. m.—The American steamer Tacoma was seized by the Japanese guardship yesterday, March 14.

The Tacoma is an iron screw steamer of 2812 tons register. She is owned by the Northwestern Commercial Steamship Company of Seattle, from which port she sailed on January 6, with a cargo of barrel beef for Vladivostok, it is said, although ostensibly for Shanghai. When last reported the Tacoma was fast in the ice north of Hokkaido Island, with Japanese ships lying in wait to pick her up when she worked clear.

A. JONAS GOES EAST ON TRIP.

A. JONAS.

Mr. A. Jonas, proprietor of "The Hub" and President of the Merchants' Exchange, left Oakland yesterday for a two months sojourn to the East. Mr. Jonas was accompanied by his wife and daughter, and it is their intention to go direct to New Orleans and the South, and then to New York via Chicago and Boston. While in the East Mr. Jonas will complete arrangements with other large retail clothing firms, also doing business under the name of "The Hub," by which they will buy together in quantities from the mills and manufacturers. This means considerable saving on the cost and will enable them to sell at a lower rate than ever. A banquet was tendered Mr. Jonas before his departure by his employes and all wished him a pleasant trip and a safe return.

TOM JOHNSON ON RAPID TRANSIT

WOULD DEVISE MEANS OF MORE RAPID TRANSIT BETWEEN TWO GREAT CITIES.

CLEVELAND, Ohio, March 15.—Mayor Tom L. Johnson tonight told of rapid transit in the future, as he believed it would be, to members of the Cleveland Civil Engineer Club at their annual banquet. He predicted a trip from Chicago to New York over a sort of toboggan slide electric road in two hours.

It has long been an open secret that Johnson has been ambitious to perfect a device for annihilating time in rapid transit. For several years he has been working on the hobby along strictly original lines, until at last he has reached a point in his plans where he ventures to hint as to the method of the invention.

"The engineer's work," the Mayor said, "is one of the essentials of modern life. For instance, do you think we will be satisfied with a tweny-hour schedule between New York and Chicago? By no means. Although wheels and tracks will not allow a speed of more than 200 miles an hour, I believe that many of you in this room will see the time when two hours and better between the two cities will be commonplace. That will be less than half the speed of a cannonball. It can and will be done much quicker than you think.

"If we can control electricity and make it do the work along a straight line that it does now in a circle, when used in what is known as a motor, we will have the problem solved. And it is far easier than we have heretofore thought. Then people would be shot across the continent in a sort of shuffle on slide rails, something like a toboggan slide drawn by magnets. It is an early event of the future."

LOOMIS WILL BE EMBASSADOR

WASHINGTON, March 15.—Francis B. Loomis, First Assistant Secretary of State, will be appointed, it is planned now, Embassador to Mexico, in succession to Edwin H. Conger, when the latter retires next summer.

Conger, who for several years was Minister to China, expects now to occupy his new post in the City of Mexico for a comparatively few months. It was said some time ago that he would retire from the Mexican Embassy the latter part of next summer, in order to become a candidate for the Gubernatorial nomination in his own State, and it is understood that he was named as Embassador to Mexico with that change in view.

Loomis is not in good health. In fact, he is now on leave of absence in California on this account. His transfer from Washington, the climate of which is not suitable to his constitution, to the City of Mexico would be satisfactory to him.

CHICAGO, March 15.—Charles B. Loomis passed through Chicago yesterday, en route to his ranch in the San Joaquin valley, California. He will spend several weeks on the Pacific Coast.

ESTATES IN COURT.

An inventory and appraisement of the estate of the late George L. Nusbaumer was filed to-day by E. C. Prather, William Day and E. C. Apperson who state that the property is worth $23,105. The estate consists mostly of promissory notes there being one small piece of real estate in Fresno county worth $900.

PARADE WILL BE SUCCESS

SIXTY AUTOMOBILES, CARRIAGES AND FLOATS PLEDGED FOR FLORAL FETE.

The great parade which will precede Oakland's floral fete, will assuredly be a great success. At a meeting of the delegates of the several societies interested, held last evening at the Ebell Club, sixty-one carriages, automobiles and floats were pledged by the representatives of the various societies. With many other associations and the owners of private equipages yet to be heard from, the parade will undoubtedly be an attractive feature of the day's events.

Owing to ill health, President Butters has tendered his resignation. After accepting the resignation the matter was referred to the executive committee with power to act. In the absence of President Butters, Rev. C. R. Brown presided last evening.

The executive committee appointments received announcement and the appointees were C. D. Bates Jr., James P. Taylor, H. C. Capwell, Oscar Luning, Rev. C. T. Walkley and Richard B. Ayers. An advisory committee will consist of one member from each society participating.

Secretary Stearn's report gave prominence to the actions of the executive committee in deciding to have the parade in the morning, the date of the fete has not been decided upon, and the holding of the fete at Idora Park in the afternoon, where a program of sports will be held and where there would be booths and concessions. The parade will be held in all probability upon the principal streets of the city.

A prominent business firm of the city offered to furnish 50,000 programs free of charge with the official sanction of the executive committee. This matter was given a committee reference and an adjournment was taken subject to further call and announcement in the city papers.

NOT A PATENT MEDICINE

Hyomei, the Guaranteed Catarrh Cure, Prescribed By Physicians.

No one should confound Hyomei with the patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Its base is the valuable eucalyptus oil, famous for its valuable eucalyptus This is combined with aromatic and healing gums and balsams, making a pure liquid, which when used in the Hyomei pocket inhaler, fills the air you breathe with germ-killing, disease destroying and healing powers that kills all catarrhal germs there may be in the throat, nose and lungs.

How foolish it is to try and cure catarrh by swallowing tablets or liquids. The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei.

This treatment has been so successful, curing 99 per cent of all who have used it, that Hyomei is now sold by Osgood Brothers under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.

The complete Hyomei outfit costs $1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50 cents.

SCIENCE MAKES HAIR

ARTIFICIAL PRODUCT IS SAID TO BE BETTER THAN DAME NATURE'S.

WASHINGTON, March 15.—Invention has now found a substitute for human hair. It was discovered incidentally in a long quest for some method for making artificial silk. After 150 years of failure French and German chemists have solved the artificial silk problem, and the Department of Commerce and Labor is informed that factories are soon to be started in the United States for making silk from collodion. The same factories will make hair for wigs.

In the matter of hair for the head, nature has not been able to keep up with art. Collodion-spun hair is lighter, softer, cheaper and altogether better than hair cropped from the human head. The inventors of the artificial silk process are Professors Lehner of Augsburg and Count Hilairede Chardonnel of Paris. Two factories are running in Germany, two in Switzerland and one at Besancon in France. One of the German factories sold the United States $138,315 worth of its product last year. Cellulose is the basis of the artificial silk, and this is obtained generally from carded cotton, although it may also be obtained from corn and other grains.

REAR ADMIRAL IS INJURED

HONOLULU, March 14, 11 p. m.—Rear Admiral Whiting, U. S. A., received a severe injury tonight by a fall while alighting from a moving electric car. He sustained a scalp wound, and was unconscious for two hours, but recovered after being taken to the Queens hospital. His injuries are not likely to prove fatal.

The effect on the digestive organs after using Lash's Kidney and Liver Bitters is truly wonderful.

VICTIM OF MAD MAN'S FURY

DENVER, March 15.—Police Captain William Bohanna, who was shot by George Shistler last Sunday while driving in the police ambulance to the assistance of other victims of Shistler's murderous fire, died at Emergency Hospital at 1 o'clock this morning. Including Shistler himself, Bohanna is the fifth to die as a result of the fury of the madman.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit through stealing the reputation of remedies which have been successfully curing diseases for over thirty-five years. A sure protection to you is our name on the wrapper. Look for it on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada.

The Kind Our Mother Used to Take.

IT Was The Best Prescription Then—It Is NOW.

IN the old days it was sometimes considered fashionable to be delicate, pale and with an inclination to faint at the least provocation. It is different now. America is raising a strong race—a race of vigorous and healthy mothers. When a woman becomes nervous, suffers from backache, sleeplessness, a general tired-out and fagged feeling, with dragging-down pains, she turns to the right remedy. She is positive she can get relief and assistance from Doctor Pierce.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Doctor Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

There is every reason why women should not trust their delicate constitutions in the hands of unskilled persons. It requires a thorough medical education to appreciate and understand the womanly organism. When a woman has ills and pains that she cannot bear—when life seems dark for any woman, she should confide her troubles to a physician of standing in the community, or one who has a national reputation. Certainly it would not be the part of wisdom to confide in an ignorant person without medical education simply because she was *a woman*. There is every reason why she should write to some great specialist, one who has made the diseases of women a specialty for a third of a century, like Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. All correspondence is held sacredly confidential, and he gives his advice free and without charge.

SINGLE AND MARRIED WOMEN

Very often find that it is repugnant to their feelings to consult their family physician. In such a case they can put perfect confidence in Dr. Pierce, who has made such a success in the treatment of woman's diseases, for he will give you the very best advice possible, and without cost to you. To grow beautiful, healthy and happy should be the desire of every woman. It is then possible to hold a husband and make home happy and bring contentment to it.

Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, nausea and sleeplessness. It makes the body comfortable and the mind content. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless.

"I write you to let you know I received your kind and ever welcome letter and your kind and fatherly advice," writes Mrs. Ida Martin, of Berry, Ky. "I commenced your treatment the next day after receiving your letter, some months ago, and followed your advice as closely as I could. Am glad to say I am in better health than have been for years. Believe I suffered from every disease that any over-worked, run-down woman could. Was not able to do anything, could not get one good night's sleep; had heart disease of the worst type. A disordered liver was one great trouble, and, passing through change of life, it seemed to cause me excruciating pain in breast and shoulders. I had no appetite, could not sweep nor do any housework. I took treatment from three of the best doctors in our town but grew worse every day, so I decided to write to Dr. Pierce for advice. I took the medicines just as you advised and continued until I had taken six bottles of 'Golden Medical Discovery' and 'Favorite Prescription.' I know that your medicines did more for me than all the medical treatment I had ever taken."

Mrs. Geo. W. Wood, of Whitehall, Mich., writes: "I feel that I must let you know how much good your 'Favorite Prescription' has done for me. In June, three months ago, an eight-pound boy was born to us—my first child. I took eight bottles of Dr. Pierce's Favorite Prescription before his birth and got along nicely; was sick only a short time, and when baby was born I felt nearly as strong as I ever did. Was staying at my mother's at the time, and when baby was one week old I rode from there to my home, a distance of about two miles. Got up the fourth day and remained up, and when baby was two weeks old I walked to town and back which is quite a distance from where we live. I also felt so strong that I sat up for a short time the very day he was born. Baby is healthy and growing very fast and I give the credit to your wonderful medicines."
